

Mi Pueblo Rubric

Nombre: _____

Hora: _____

Due: _____

Meta/goal: to use and learn vocabulary about a pueblo

You will need to create your own "pueblo" in Spanish. You will need to use all 21 tiendas/lugares that your textbook gives you. In addition, I want at least two items labeled, in Spanish, that you would find in each tienda/lugar.

Do NOT handwrite this project. It should look professional. You may do this electronically or have an actual project to turn in for this assignment

As always, you may go above and beyond what is required and perhaps earn extra credit.
