## A Tradition of Excellence and Achievement

Since 1992, KCI has established a tradition of preparing French Immersion and Extended French students for success in a bilingual environment.

### KCI Promotes:

- students having authentic language experiences
- an appreciation of cultural diversity
- building upon natural strengths to become confident and fluent language learners
- an environment that emphasizes both receptive and expressive communication

Upon successful completion, graduates will receive a French certificate in addition to an Ontario Secondary School Diploma.

### DELf (Diplôme d'études en langue française)

In their grade 12 year, students may write the DELF exam (typically B2 exam). This is an internationally-recognized accreditation endorsed by the French Ministry of Education. For more information:

### AP (Advanced Placement) French

Grade 12 students also have the opportunity to write the French AP exam. Many universities will award an elective credit with a minimum level 4 test result. Please refer to individual universities for more details.

### Enrichment Opportunities

In addition to the enrichment opportunities offered within courses taught in French, students can participate in a number of other activities, such as:

- Two-week reciprocal exchange opportunities
