

CANDY POUCH

1. Cut Monster Mash DSP to 6" x 6".
2. Bring one corner up to meet the opposite corner and use Bone Folder to crease. You should have a triangle with the flat side closest to you, on the bottom, and the top point farthest away from you.
3. Fold the right point of the triangle over to the left edge of the triangle. Firmly crease with a bone folder. Unfold to apply Tear & Tape, remove liner, and refold.
4. Fold the left point of the triangle over to the right edge. Firmly crease with a bone folder. Unfold to apply Tear & Tape, remove liner, and refold.
5. Take hold of the top layer of DSP at the top of the folded triangle and fold it down. The other DSP pattern should be exposed. Adhere down with Tear & Tape.

6. Stamp ghost image on Whisper White cardstock in Memento Tuxedo Black ink. Color ghost with Stampin' Blends.
7. Turn sentiment stamp rubber side up and tap Pumpkin Pie ink on top half of sentiment. Tap bottom half of sentiment using Memento Tuxedo Black ink. It's ok to overlap the colors and the Pumpkin Pie ink will not contaminate the Memento ink pad. Using the Ivory Stampin' Blend, scribble over the sentiment.
8. Use Ornate Frames dies to cut the ghost image and sentiment. Glue sentiment to front of candy pouch. Apply glue to the back of the ghost image and tuck slightly into candy pouch.
9. Tie a bow with Basic Black Scalloped Edge Ribbon and use a Glue Dot to adhere to front of candy pouch. Add candy.
10. Optional: punch a hole in the top of the pouch and tie ribbon through. Hang from a Halloween tree.
