TOPIC NSPRA Seminar Preview

We're off to New Orleans! You'll want to tune in for this one, even if you're not able to attend the seminar. Let's chat about getting the most out of your Seminar experience. Join K12PRChat to share what you have learned, swap pro tips for attendees, and reminisce about your favorite parts – it's a great way to grab new ideas and connect with your peers!

Q0: In the chat, drop your name, location, and share a memorable conversation you've had with another school communicator at a past Seminar or chapter event (for those who haven't been to a Seminar) that has stuck with you and influenced your work.

Q1: What are your top tips for bringing the **learning** back to your district and implementing new strategies?

Q2: If you're **presenting** at #NSPRA2026, pitch your session (time/location/topic)! If you aren't presenting, check the [schedule](#). What sessions are you most excited to attend?

Q3: What are your top tips for **packing** and "what to bring and/or leave at home" for #NSPRA2026?

Q4: What's your go-to strategy for **managing** your schedule and not feeling overwhelmed? (help for those of us who are introverts!)

Q5: Let's think ahead to #NSPRA2027 in Indianapolis. What suggestions do you have for those who can't be there this year and/or may be facing budget shortfalls in the year ahead? What can someone do *now* that can help get them to Indy?

Q6: What's one thing that consistently impresses you about the NSPRA community at the Seminar? What's something that you wish would change or could use a refresh or general improvement?

Q7: Ask a question – Share a thought – Propose an idea – Need help?
If we have time, we'll open the floor to your thoughts and questions about the NSPRA Seminar!
