Watering Instructions

- Inside the door of Chaplaincy Centre there is a blue milk crate containing- hose, watering can, trowel, gardening gloves, and snips. Feel free to use any or all of these items when checking and watering the gardens.
- In a wooden box located by the door to Sister Sue's office there is a metal key piece that looks like an X. That piece fits into the metal square in the outside wall right above the garden boxes. Insert key piece, attach hose and twist.

Thanks !
