

Brewer High School
Boys Basketball Team Information

Contact Information:

Varsity Head Coach- Ben Goodwin (fill in how you want to be contacted)

JV Head Coach- Scott Flagg (fill in how you want to be contacted)

1st Team Head Coach- Mark Savage (fill in how you want to be contacted)

Assistant Coaches- Phil Pushard and Tyler Smith

Basic Communication Expectation:

It is expected that situations that require communication to your child's head coach be handled first with the child directly to the coach. If that is not possible, the parent of the child should communicate with the head coach directly, although your child should be made aware of this communication.

Although open and available, locker room time will be limited to essential uses. Players are expected to come prepared for each session, with their own athletic attire, water bottle and required face covering.

Entry & Exit of the used space:

BHS GYM- Players are expected to park or be dropped off out back, by Coffin Field (not inside the fence) and access the BHS Gymnasium by the WEIGHT ROOM SIDE doors which will be unlocked for an entry time period prior to the practice start time. Players who drive themselves will be dismissed from practice out of the Trainer's Room side doors. Players being picked up will be dismissed out the front doors/main lobby of BHS.

CENTER ST GYM- Players will be dropped off for practice at Center Street between the old middle school building (housing complex) and rampway to enter the Lee Admin Building at 261 Center Street. Players will be dismissed from the gym out the side exit or back exitway down behind the facility. This is where your child can be picked up.

Parents/Guardians should be in place promptly to pick up their child at the designated scheduled end time of practice sessions.

Team Member Expectations:

Roster Selection- Based on annual demand, the Brewer School Department offers three rosters of basketball play to the boys student-body.

- A **Varsity roster** is for who the coaching staff determines as the top basketball players, and can be any grade. That number fluctuates depending on the talent within the program. A **JV roster** is for who the coaching staff determines to be the next top 10 to 12 basketball players, and can be any grade. The **First Team Roster** will be reserved for the third group of 12 to 15 basketball players, and will be mostly freshman and some sophomores. Juniors and Seniors do not generally get placed on 1st Team Rosters.

- There may need to be cuts made based on roster sizes and skill level presented.

A total of 28 to 34 boys may be selected to these roster slots, depending on decisions made by the coaching staff.

[Here is a general criteria the coaches use when determining roster selection to represent Brewer High School as part of the Boys Basketball Program.](#) (Link to separate document)

Court Time (playing time)- At the high school level, playing time is not a guarantee once placed on a roster. Coaches will determine the level and amount of court time for each participant based on the needs of the team and situations in front of them. Court time could be limited for a number of reasons, including discipline of the player. Ultimately, court time is the decision of the head coach and all conversations related to this subject are expected to be had between the player and the coach directly. Conversations among other individuals (parents, family members) with the coach should wait until the following day, and not immediately after a contest. “Open Door Policy” for discussions with players and coaches. Expect honest answers.

Swing Players-The coaching staff will make a determination as to what is the best for each player's development as it relates to “swinging” and where each player will develop the most effectively. The coaches are trying to maximize each kids skill sets and development needs to prepare them for varsity play eventually.

Practice Expectations-

General Expectations of a Brewer Boys Basketball player-

First and foremost, following the Brewer Athletic Code.
Commitment. Family, School, Basketball.

Other Items:

Injury Communication- Communicate known injuries to the coaching staff immediately. The certified athletic trainer will lead the process on return to play.

Senior Night Statement- The Brewer School department purchases one item for seniors to present their family member(s). Senior Banners and other items for decorations are the responsibility of the families. Court time (playing time) is not guaranteed for any games, including this one. Coaches will make their best and sincerest attempts to balance the needs of all players, and the team for this contest.

Varsity Lettering- If you roster on varsity for game days and finish the season, you earn a varsity letter. Part of the team. You have earned that letter through active participation.

Busing to Road Games- The Brewer School Department will provide busing to the away site venues. **Masks are required on school provided transportation (buses).** In rare instances, players are allowed to self-transport to the away venues, but this situation needs to be communicated with the athletic office in advance. Parents should not bring their child to a game this year, unless it is absolutely necessary and communicated in advance. Per Covid-19 bus protocols, team members will be spaced out on the buses, generally with plenty of space between themselves and teammates, one individual per seat. Proper behavior is expected on school provided transportation.

Community Involvement-

Captaincy- Collaborative decision. Coaches and Players. Earned responsibility, regardless of grade.

\$15.00 Athletic Activity Fee.
