

Indicate vs Cloudy (DBMlore vs DBMlore)

"Growth comes from chaos, not order." - Rakesh Jhunjunwala

Wiz: Power is a burden, a responsibility that only few can properly handle.

Boomstick: Without responsibility, power can become chaotic, uncontrollable, unstoppable.

Wiz: Orrrr it can be given to the most idiotic and insulting heroes, like Indicate, the ex-ruler of Discordia.

Boomstick: And Cloudy, the one who killed the Merc with a Mouth!

Wiz: Actually, Deadpool-

Boomstick: NO SPOILERS! He's Wiz and I'm Boomstick!

Wiz: And it's our job to analyze their weapons, armors and skills to who would win a Death Battle!

Indicate Does A Lil Trolling in DEATH BATTLE!

Wiz: "Long ago, in a verse far, far away, there lies a multiverse called Discordia. In this world, practically anything can and will happen."

Boomstick: "And that's a fact! Fictional characters like Spongebob, Mario, Sonic, and a lot more barging into the real world? Sure! A literal god of darkness threatening Earth? Why not? A ripoff Tournament of Power? Alright!"

Wiz: "But obviously, there needs to be a bit of balance. A...protector of some sorts."

Boomstick: "And said protector is...SIGNALAPPROVAL!"

Wiz: "What? No, it's IndicationOk-"

Boomstick: "Well, technically Signal is the current protector of Discordia, so Indicate's not really the-"

Wiz: "You know what, whatever."

Boomstick: "Anyways, Indicate is one of the many, MANY versions of...well, Indicate in the Indiverse, which is basically the Dbmlore version of the Spiderverse."

Wiz: "And after being transported to the world of Dbmlore, he instantly proved himself to be a worthy hero."

Boomstick: "His adventures started off pretty small, with him basically just doing whatever the fuck he thought was funny, but later on joined a group of heroes known as the Thunderstriders, took on a being that is literally the god of darkness, a fake version of himself, and a LOT more. After that crazy shit he got together with a mad scientist, Snail, and after she takes his DNA and injects it inside herself, totally not creepy at all, they got a kid named Genesis. There's like, a LOT more of them but honestly I don't have them memorized. Damn! Talk about a massive glow up!"

Wiz: "Yeah you said it, anyways, Indicate's got a plethora of abilities and a massive arsenal to throw out, but one of his main weapons is his wand, Shiny Arc."

Boomstick: "But it isn't just like Akko's Shiny Arc, this bad boy's got it's own unique abilities! It can freeze people in place, levitate people into the air, can flip him into the 4th dimension, can shoot beams that create ENTIRE CONSTELLATIONS, can create a kaiju made of magic, and the most important spell of all...removing a person's balls."

Wiz: "...seriously?"

Boomstick: "What? It's a terrifying thought!"

Wiz puts his hand to his forehead, sighing.

Wiz: "Moving on, Indi's got quite a few abilities that he can use on his own, such as the Death Glare, which kills anyone with a glance, I mean, it's in the name, Piercing Blow, which negates the durability of anyone it hits, air bullets, which knock the opponent away with a gust of air, and the Griddy technique which...forces anyone who even witnesses it to hit the griddy. I-I just-what??"

Boomstick: "And he's got multiple powers and items based off of other media, such as the Big Bang Attack, Final Flash, Super Saiyan God, Magic Notebook, and...obviously, Shiny Arc."

Wiz: "Speaking of items, Indi's got a lot of those, and I mean a LOT."

Boomstick: "After brutally murdering Henry Stickmin over a game of Rock Paper Scissors, he yinked his gadgets as payment for whatever he needed to pay for. Probably taxes or something-"

Suddenly, the screen in the background starts to flicker.

Wiz: "What the-"

Indi popped up on the screen, flashing a big smile and waving to the audience.

Indicate: "Hai!"

Boomstick: "Oh god, not again-"

Indicate: "I'd thought I'd just pop in to say hi to you guys!"

Wiz: "Ignore him, let's just keep the analysis going."

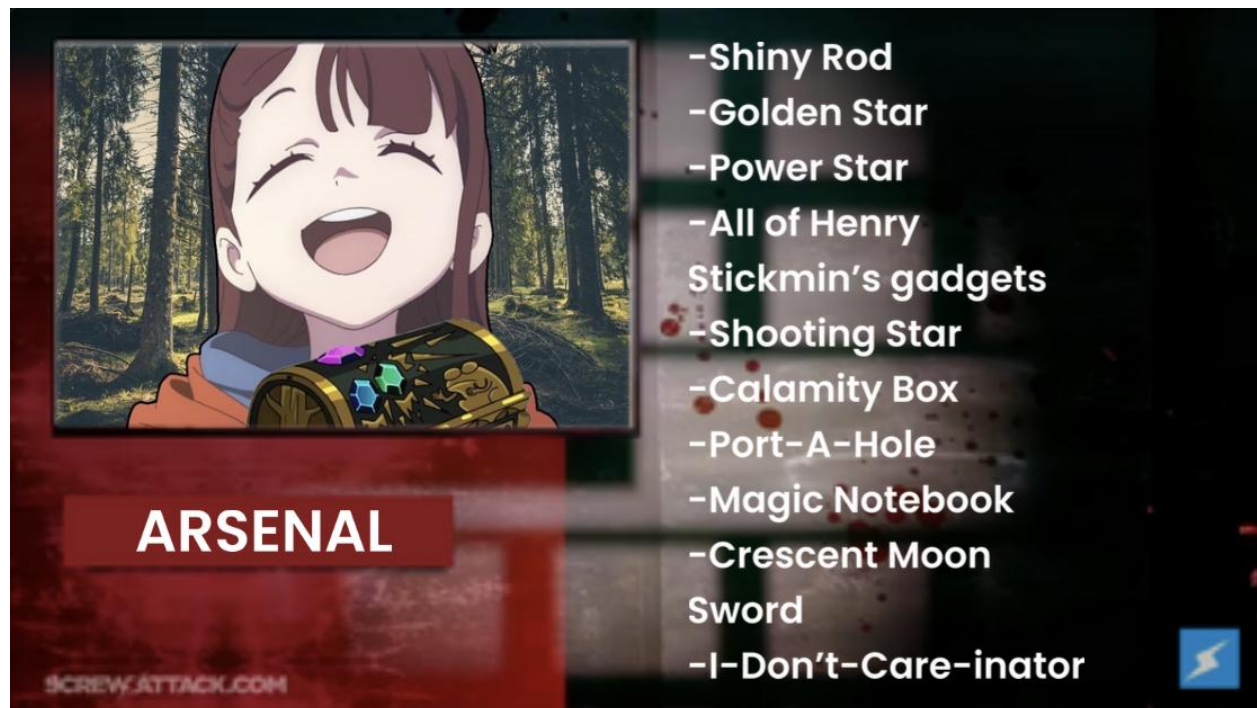

Indicate: "Hey, don't ignore me!"

Wiz: "Let's move on to Indi's other go-to weapon, the Crescent Moon Sword, which creates rips in space and heals him for as long as he's holding it."

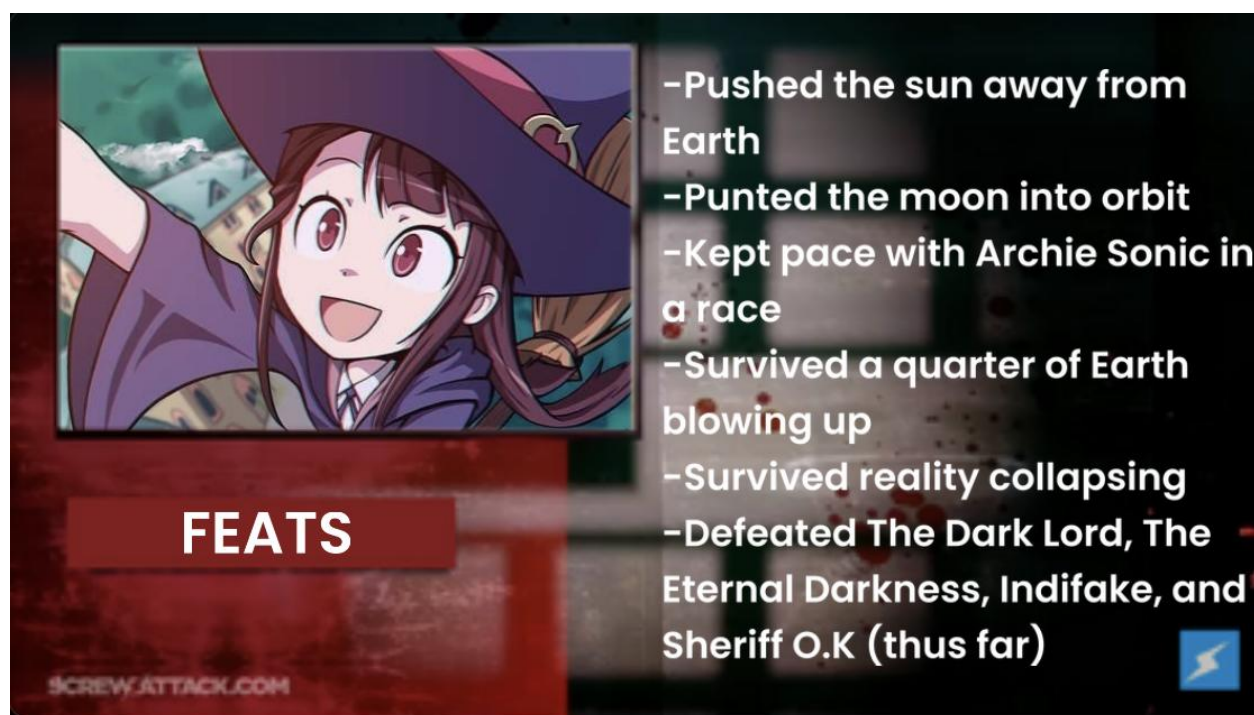

Boomstick: "There's also the Power Star, which doubles his speed and strength to deal damage quickly and effectively."

Wiz: "The Shooting Star, a broom that allows him to travel through the air at great speeds."

Boomstick: "And a fuckton of other items I don't think we would have time to cover."

Wiz: "And with a great arsenal, comes great feats right?"

Boomstick: "Even without all his gadgets and powers, Indi's still a force to be reckoned with! He destroyed a mountain, picked up a building effortlessly, ran around the world in 2 seconds, should be stronger than Blueberry who dodged a beam from Mars that hit Earth in 10 seconds, and stopped the sun from crashing into Earth!"

Wiz: "The sun's mass is 1.989×10^{30} kg, so that contributes to lifting strength. Since it was moving 60 km/s, we can find the kinetic energy it had, which Indicate must've been outputting more of to push it away, that should equals out to-"

Indicate: "High Outer, obviously."

Wiz: "...no, it's-"

Indicate: "Outerversal."

Wiz: "No!"

Indicate: "Gotcha, Low Outer then."

Wiz: "NO!"

Indicate: "I hear ya...it's High Hyper-"

Boomstick: "FOR THE LOVE OF GOD, IT'S DWARF STAR LEVEL!"

Indicate: "Awww..."

Wiz: "There's also the time where he punched Steven Universe's Amethyst across the universe, which clocked out at $1.87e+52$ J aka-"

Indicate: "Outerversal!"

Wiz: "...Solar System level."

Indicate: "Awww..."

Wiz: "BUT there is a feat where Indicate kills the Dark Lord who "shattering" a hyperversal effortlessly-"

Indicate: "Oh c'mon that's GOTTA be Outer!"

Wiz: "IT DOESN'T EVEN HAVE-"

Wiz lets out a heavy sigh.

Wiz: "But since he was in Super Saiyan God during this...that makes him about 80,000,000x Hyperversal!"

Indicate: "Dayum son, that's pretty strong! So uh, that wraps up my analysis, huh?"

Boomstick: "Yeah basically-"

Indicate: "Awww, that sucks...well then, might as well go out with a bang!"

Indicate's hands reach out of the screen, as he starts to pull himself out.

Boomstick: "Wait, what is he doing?"

Indi pulls himself out, running up towards the screen.

Indicate: "Cloudy, if you're seeing this, your ass is going down! Plus, you're a stinky poo poo face that has teeth worse than my creator's self esteem! And another thing-"

As the transition screen comes in, Indi stops it halfway.

Indicate: "Hey wait, I'm not done yet-"

As Indi finished his sentence, Boomstick socked him in the face, resuming the transition screen.

Cloudy Is On the Run in DEATH BATTLE!

Wiz: Chaos. A truly terrifying concept that has been at odds with humanity for millennia. The idea of nothing being in order and uncertainty being the only certain thing in life.

Boomstick: But lucky for us, the most chaotic person in this realm is an absolute dumbass

Wiz: Well, it's actually a lot more complex than that. Due to mysterious circumstances, a normal, fairly intelligent girl from another dimension called Genericopia woke up in the dimension known as Dbmlore.

Boomstick: Well, clearly something went wrong while she was getting from Point A to Point B because now she's left with the wit of a cinder block.

Cloudy: It's a breeze block you twat

Boomstick: Oh god, please don't be another Deadpool

Cloudy: Nope, that wanker's already in the mud

She exits the scene through a portal

Wiz and Boomstick: Uhhhhhhhhhhhhhhhh

NAME: CLOUDY CHAOS

AGE: 18

HEIGHT: 5'6

WEIGHT: UNKNOWN

ORIGINALLY FROM GENERICOPIA

LIKES: CRIME, WEAPONS, WOMEN

DISLIKES: LAWS, THE POLICE, ACCOUNTABILITY

BACKGROUND

Wiz: Anyway, Cloudy has been shown on multiple occasions to be a formidable force, like when she went toe to toe with Amy Rose, Broly or one of the many alternate versions of herself

Boomstick: Like The Original Chaos, an edgy recolour of Cloudy who was on a mission to wipe out each and every one of her alternate counterparts, claiming that she was the original and no others needed to exist. What a dick.

Wiz: This so called “Original Chaos” displayed the ability to effortlessly erase entire galaxies with less than a flick of her wrist and claimed to have slaughtered an infinite number of her variants before

Boomstick: Yeah, but that didn’t stop regular old Cloudy from blasting her in two and absorbing her powers while referencing Chainsaw Man...what the fuck?

Wiz: But that’s not all, after an encounter in the Marvel universe, Cloudy caught feelings for another girl who was in a similar situation to her: Gwenpool. After they got together, Gwen taught Cloudy to use her dimensional travel powers properly instead of just waking up in a different universe every day.

Boomstick: But that’s not all: Gwen also taught Cloudy to use her weird, OP, narrative altering abilities like the Gutter Space, talking to the writer, and summoning other versions of herself

Wiz: One of these alternates being Sunny Peace, the “evil” version of Cloudy (who’s actually not evil at all) who survived an assassination attempt by...Waluigi of all people

Boomstick: But in this universe, Waluigi has the god damn INFINITY GAUNTLET...I'm not even gonna question it at this point

Wiz:: Not only did she survive the attempt, but she stole the Gauntlet from him, meaning Cloudy can summon the equivalent of Thanos at any time she feels like it

Boomstick: And...how exactly does Cloudy use this ability in combat?

Wiz: SHE DOESN'T! SHE ONLY DOES IT FOR COMPANY!

Cloudy reappears

Cloudy: I heard someone getting pissed at me, what’s up?

Wiz: You have access to the power beyond gods...and YOU DO NOTHING WITH IT!

Cloudy: Y'know, I'm a dickhead but I wouldn't use my sister like a weapon of war, that's fucked up.

Cloudy exits the scene again

Boomstick: Is she gone?

Wiz: Yeah

Boomstick: Good. Well, no matter how many atrocities she commits or how many times she messes up the narrative, she holds her friends closer than anything else in the multiverse so she's not that bad, right?

Wiz: No, she's a maniac with too much power

Boomstick: Yeah you're right, and someone else thought the same thing, Sasuke Uchiha - the first person she killed on her adventures across the multiverse.

Wiz: After Cloudy carelessly put a bullet in the back of the young Uchiha's head, he started following her through the multiverse, plotting revenge and gaining power as he went.

Boomstick: Like when he used the Chaos Emeralds in his fight against Cloudy and they shook the universe itself! After they were done causing the universe to damn near end, Cloudy managed to land a lucky shot with one of her many guns, the Time Gun

Wiz: With this pistol, Cloudy can age people into dust with the pull of a trigger or turn them into a baby depending on the time of day

Boomstick: I'm...just not gonna question it

Wiz: Even with all of the power in the multiverse, Cloudy wanted something more, something that time had forgotten altogether.

Boomstick: You'd think this would be something like friendship, clarity or self fulfillment but NO! It's a discontinued flavour of Doritos. I'm not mad, just disappointed.

Cloudy: Oi, don't shit talk Flamin' Hot Tangy Cheese Doritos bruv. These things are the ultimate spicy crisps...*(she continues ranting about them in the background as Wiz and Boomstick continue the analysis)*

Wiz: When in the Sonic The Hedgehog universe, she decided to pick a fight with the first person she saw, who just so happened to be Amy Rose: the same Amy Rose who can move at massively faster than light speeds alongside Sonic.

Boomstick: Clearly, this girl just wants to have fun, even if that fun comes from carelessly killing everything in sight, like when she literally murdered Death during a fighting tournament, which she more than justifiably got kicked out of, but not before absorbing all of his abilities, including being unable to die. Even if you tried to erase her like The Original Chaos did then you'd fail because she's just that OP.

Wiz: But what if I told you that our Cloudy isn't even the most dangerous one

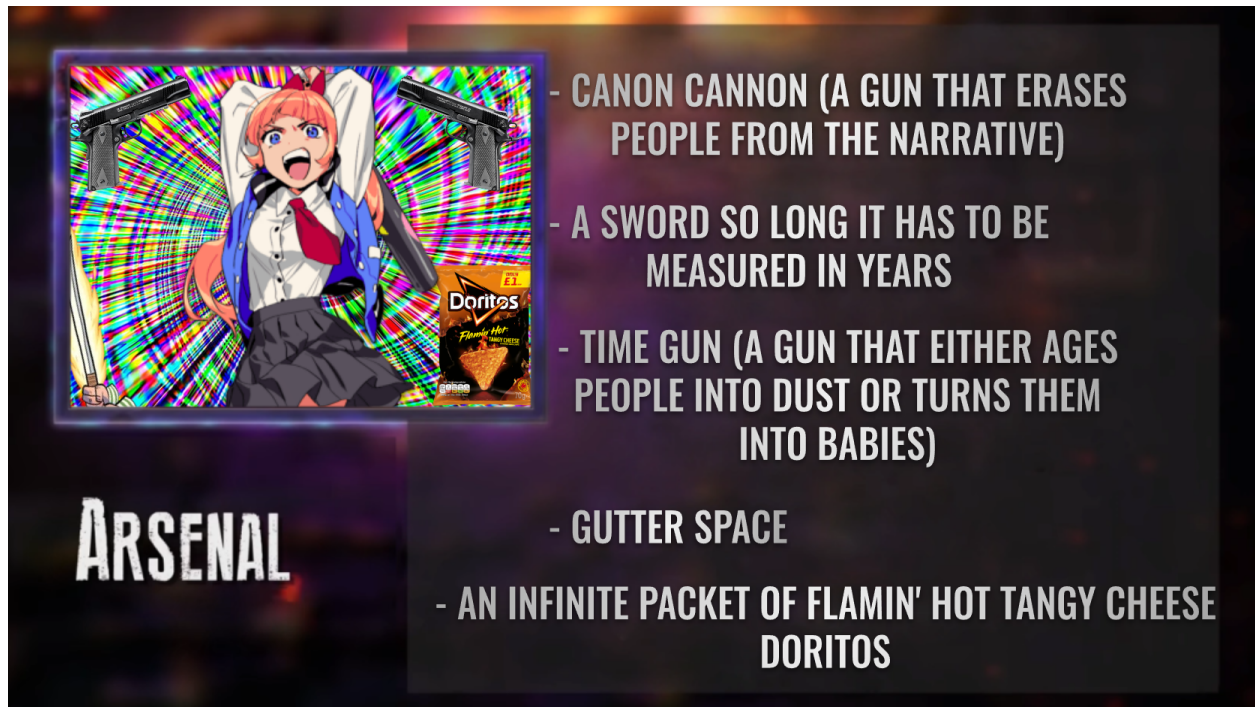

Boomstick: I don't know whether I'd be relieved or horrified, Wiz.

Wiz: Well, there was a Cloudy from an alternate universe who, somehow, managed to get her hands on an Orange Lantern ring, granting her the strength necessary to destroy infinite universes but this alternate made one grave mistake that spelled her doom: she stood in

between Cloudy and her Doritos, driving Cloudy to the point that she unlocked a form of pure rage known as Aquemini.

Boomstick: Like the Outkast album?

Wiz: Well, Cloudy likes naming her attacks after music. Like her ability to bring both her and her opponent into a white void of nothing, which she named Shadows Of Tomorr-

Cloudy: Oi! I can hear you sods lowballing me! Did you forget to mention the bloody Canon Cannon?

Wiz: We were getting to that, but since you're here and you clearly know so much more than us, why don't *you* tell us what it does

Cloudy: Thanks bruv. Basically, this thing *she points the Canon Cannon at the screen* can fuck someone off from the narrative permanently. And why I'm here, INDICATION OK IS A TWAT, HE KICKED MY CAT AND BURNED DOWN MY LOCAL TOBY CARVERY. NOT TO MENTION SAYING OASIS OVER BLUR IS A TAKE ON THE LEVELS OF-

Intermission

Wiz: "Alright, the combatants are set, and we've run the data through all possibilities!"

Boomstick: "But now-"

Indicate suddenly pops out of his box.

Indicate: "IT'S TIME-"

Cloudy popped out of hers as well.

Cloudy: "FOR A DEATH BATTTTTTLLE!"

Indicate: "Hey, that was my line!"

Cloudy: "It's mine now, piss off."

Indicate: "No, you piss off!"

Cloudy: "FUCK YOU!"

Indicate: "NO, FUCK YOU!"

Boomstick: "...this is gonna be one hell of a fight-"

The Fight

Cloudy and Gwenpool step out of a glowing green portal, stepping into a random city in Discordia. Suddenly, a robot approached her but it was instantly blown up by Indicate. He turned his attention to Cloudy.

Indicate: "Holy shit, Kyoko River City Girls rea- wait a sec...why's Gwenpool with you?"

Cloudy: "Who the fuck is Kyoko?"

Indicate: "Don't worry bout it...hold up-"

Indicate pulled out a wanted poster with Cloudy on it, looking down at it and back at Cloudy.

Indicate: "You're that British criminal with a massive bounty on her head!"

Cloudy: "Makes sense, they probably found out about all the meth disappearing."

Indicate: "Huh...well, as a hero, I'm gonna have to put a stop to you!"

A thought bubble of Indicate swimming in a pile of money appeared above his head.

Indicate: "Mainly for profit..."

Gwenpool put a hand on Cloudy's shoulder.

Gwenpool: "Honey, we shouldn't get into more trouble than we already are in, we should just go ahead and-"

Cloudy: "I'd love to see you try, mate."

Cloudy starts to pull out her long ahh sword, which Indicate just stares at in awe.

Indicate: "Alrighty then. Bring it on, fuckface!"

Indicate summons Shiny Rod, the tip of the wand glowing. Gwenpool sighed and crossed her arms.

Gwenpool: "Just be careful..."

FIGHT!

(Cue "Real Fuckin' Chaos")

Indicate starts to fire beams at Cloudy, who quite easily dodged them, before jumping at Indi and slashing down at them, who yelped and quickly jumped out of the way.

Indicate: "Geez, how do you even lift that thing?"

He flicked an air bullet at Cloudy's hands, knocking the sword out of her hands. Cloudy growls, before shooting at Indi with her laser eyes, hitting him in the arm and burning him a bit.

Indicate: "OW!"

Cloudy then starts to rapid fire lasers at Indicate, who barely manages to dodge.

Cloudy: "Dance, bitch!"

Indicate stopped for a second, and...started hitting the griddy, which somehow forced her to hit the griddy as well.

Cloudy: "What in the bloody-"

Indicate: "Hey, you told me to dance!"

Indicate starts charging up his ki.

Indicate: "BIG BANG ATTACK!"

He fires a giant blast of ki at Cloudy, creating a large explosion and sending her flying back.

Indicate: "Oof, that's gotta hurt."

Cloudy tumbled across the ground for a bit before catching herself, clenching her fists.

Indicate: "What's wrong? Can't handle the Indi style?"

Cloudy summons XO Tour Lif3, who spawned her sword back in her hand.

Indicate: "Ahh, so you got a Stand too? Awesome!"

Indi summons Stars of the Ages, who summons a star shaped energy disc, throwing it at Cloudy, but it liquefies instantly.

Indicate: "Seems like this Stand manipulates anything inside it...better find a way out..." he thought.

Indicate whistles, Shooting Star scooping him up and fling upwards in an attempt to fly off of the stadium.

Cloudy: "Oh no you don't!"

Suddenly, gravity started to get heavier and heavier, slowly pulling Indicate down as she readied her time gun.

Indicate: "PILF!"

Cloudy fires a shot, but Indi casts his spell right before he got hit, flipping into the 4th Dimension. Cloudy looked around, confused.

Cloudy: "Where'd that bloke run off to?"

Indicate reappeared outside of the Stand, charging up a beam.

Indicate: "FINAL FLASH!"

He fired a large ki wave at the Stand, destroying it and Cloudy instantly, reducing her to dust.

Indicate: "Heh, too easy!"

Suddenly, Cloudy reformed herself back to her normal state. Indicate's eyes widened.

Indicate: "Wha- how did you-"

Cloudy: "Magic."

Cloudy scrolls through her Omnitrix, selecting the Imposter.

Cloudy: "IT'S MORPHIN' TIME!"

She transformed into the Imposter, charging up a laser.

Indicate: "IT'S 'IT'S HERO TIME' YOU BRITISH MOTHERFU-"

Indicate was engulfed by the laser, covered in soot and coughing up a bit of smoke. Cloudy switched to Kirby, transforming into him and attempting to suck Indi up.

Indicate: "TAOLF!"

Suddenly, Cloudy started hovering in the air.

Cloudy: "Hey, what the hel-"

Indicate grabbed Cloudy, dribbling her like a basketball as he dunked her in a conveniently placed basketball hoop, knocking her back to her human form. He smirked, grabbing her by the leg, throwing her up and uppercutting her with a Piercing Blow, sending her flying into the air. Cloudy was dazed, but quickly recovered and opened a portal, diving in.

Indicate: "Hey! Get back here!"

He whistled for Shooting Star, who scooped him up and flew into the portal.

THE FAMILY GUY UNIVERSE

We cut to Peter, Joe, Quagmire, and Cleveland sitting in The Clam.

Peter: "Boy, this is worse than the time Cloudy Chaos was in my universe!"

Right as he finished that sentence, Indi and Cloudy flew out of the portal, as he pinned her to the ground.

Indicate: "Ha! Pinned ya!"

Cloudy retaliates by firing her laser eyes right into Indi's, as he yelps in pain.

Cloudy: "Let's be honest bruv, you should've that coming."

She shoved Indi off, summoning Shadows of Tomorrow, who went to grab Indi, but he grabbed Joe with telekinesis, putting him in front as the shadows grabbed him.

Joe: "NONONO NOT AGA-"

Joe was then dragged into the great unknown.

Indicate: "Sheesh, he didn't deserve that..."

Cloudy took out the Canon Cannon, firing multiple shots at Indi, but he just kept dodging, hands behind his head. He eventually pulled out the Pew Pew Gun and fired shots back, moving beside Peter.

Indicate: "Excuse me good sir, I am in need of your services."

Indicate grabs Peter and holds him in front of him, charging towards Cloudy and letting Peter get hit by the blast, which erases him from the narrative. Indi quickly threw a punch, but Cloudy jumped back, summoning another portal and falling into it, with Indi in pursuit.

OUTSIDE EQUESTRA

In the middle of a field, Discord and Bill Cipher were sitting on the ground playing cards with each other, waiting for their battle to begin.

Bill: "Got any sevens?"

Discord: "Go fish."

FIGHT!

Discord: "Oh, that's our cu-"

Suddenly, Indi and Cloudy sprung out of another portal, Cloudy pinning Indi down this time.

Cloudy: "Ha! Pinned you this time, bruv!"

Discord: "Wait a sec, that's not in the script-"

Discord was reading through a magazine, Indi and Cloudy looking at him in confusion.

Indicate: "...that's a magazine."

Discord: "I know."

Bill: "Who are you two idiots supposed to be? We were just about to have a fight to the death!"

Cloudy: "Aw shit, did we end up in another fight script?"

Indicate: "That's what it looks like."

Cloudy climbed off of Indi, as they both got up.

Bill: "Well, if we can't kill each other...guess killing the two of you would suffice!"

Discord: "Hmmm, yeah that's fine with me."

They both quickly lunged at the two, but Indi glared at both of them intensely, as they suddenly dropped dead on the floor, hitting the funni FG dead pose.

Cloudy: "...I kinda expected a super epic battle to come in there."

Indicate: "Meh, my creator's too lazy to write that much...anyways, where were we?"

Cloudy: "Oh, right."

Cloudy summoned another portal, tackling Indi into it.

BURNING ANGEL ISLAND

Indi and Cloudy hopped out of the portal, with both of them trading blows with each other, with Cloudy eventually landing a good hit on Indi's nose, causing him to rub it in pain as a bit of blood runs from it.

Cloudy: "You know what? Fuck you, DIE!"

Cloudy attempts to use her death manipulation, but nothing happens. Indicate just blinked twice.

Indicate: "No."

He used Shiny Arc again, about to fire a bow, but suddenly...a giant red claw stomped behind Cloudy. She turned around, looking up at RED.

Cloudy: *sigh* "You are one ugly motherfucker."

RED let out a roar at the two, but Cloudy shapeshifted into Godzilla using her Omnitrix, breathing her atomic breath on him as RED lets out another roar. As they were fighting, Indi was eating a cupcake, watching in awe. Suddenly, Sonic.EXE starts glitching around Indi, about to attack from behind but Indicate simply backhanded him, blowing his head up instantly.

Indicate: "Shitty ass creepypasta..."

Indicate looks up at RED, pulling out the Shrink N' Grow and flinging it to him with Shiny Arc, shrinking RED to the size of a cockroach and putting him in a jar.

RED: "LET ME OUT OF THIS PRISON THIS INSTANT, YOU FILTHY-"

Indi slid RED inside his hat, sighing.

Indicate: "Heh, that was almost too eas-"

Indicate was stomped on by Cloudy, who crossed her arms.

Cloudy: "Shame that bloke forgot about me."

A faint glow was seen under Cloudy's foot, she looked at it in confusion before Indi bursted out from under her foot, causing her to fall over as he was powered up to Super Saiyan God.

Indicate: "Yknow, that hurt a lot!"

Indicate rammed into Cloudy's gut, knocking Cloudy back into base as he pulled out the Calamity Box, teleporting them back to Discordia.

DISCORDIA

Indicate and Cloudy appeared back in the city, with Indi kicking Cloudy into a building, sending it crashing down instantly. Thinking she's down for the count, Indicate starts walking away...but Cloudy instantly springs out of the rubble, powering up to Aquemini

Cloudy: "I'M GONNA POUND YOUR DUMBASS INTO THE DIRT! AND WHEN I'M THROUGH WITH YOU, YOU'RE GONNA BE BEATEN SO BADLY YOU'LL BE NOTHING BUT A BLOODSTAIN ON THE CONCRETE!"

Indicate instantly taps into his Heaven's Wrath form, an orb of light appearing by his side.

Indicate: "I like your funny words, magic lady!"

The two fly through the city, trading blows with each other, destroying the windows on the buildings with each attack, before Cloudy got on good hit on Indi, stunning him for a few seconds before she started charging up an energy beam, firing it at Indicate, who quickly snaps out of it and blocks the beam, struggling a bit.

Cloudy: "YOU'RE DONE FOR, ASSHOLE!"

This looked like it was the end for Indi, but he smirked, pulling out the Power Star, crushing it, his speed and strength doubling.

Indicate: "NUH UH!"

He turned the orb into a blade, charging through the beam.

Cloudy: "FUCK YOU MEAN, 'NUH U-"

As Cloudy finished her sentence, Indi stabbed her right in the mouth. She let out a gargled scream of pain, before he pulled the blade out, grabbing her by the head and slamming her into the concrete, knocking her out. Indicate slowly eased the grip on her head, panting heavily.

Indicate: "Phew..."

He plopped down beside Cloudy, lying next to her and turning towards her.

Indicate: "That was a great fight..."

KO!

Conclusion

Boomstick: Looks like Cloudy's inability to SHUT THE HELL UP finally came back to bite her

Wiz: Now this was a really close match, with both combatants having considerable advantages.

Boomstick: Like how Cloudy could've just shot Indicate with the Canon Cannon at any point during the match, instantly winning

Wiz: That's if Indi wasn't ridiculously fast compared to Cloudy. Now, Cloudy having the speed needed to keep up with Amy Rose in combat isn't anything to scoff at, but it's not even comparable to Indi's Shooting Star, which can travel at immeasurable speeds.

Boomstick: Cloudy did have one huge advantage that made deciding the victor quite difficult: the fact that she just doesn't die. But even then, Indicate's Final Flash had the power to destroy a freakin' multiverse, far more than Cloudy fighting an infinite multiverse-destroying alternate of herself. So even if she can't technically die, she'd never stand a chance at actually harming Indicate after he goes into Heaven's Wrath.

Wiz: Even though Cloudy had the abilities of Death himself, that's nothing Indi couldn't just say no to. Not to mention the fact that most of Cloudy's other useful abilities either don't work on Indi or she'd be too slow to land them, ironic considering where she gets her speed from.

Boomstick: and I don't even think I need to bring up how neither of them could outsmart the other since I'm pretty sure I've seen cardboard have more complex thoughts than both of these dumbasses combined so this really just came down to stats and that's where Indicate shines through the Cloudy sky.

Indi pops up

Indicate: The winner is me! OH AND ALSO I'M TOTALLY HIGH OUTERVERS-

The Death Battle gate closing thing cuts him off
