2. Title 1 Status-any updates shared from 10/19 D2 Meeting
3. Family Communication
4. Parent/Family Engagement Events
5. Discussion/Comments/Concerns
6. Adjournment

MEETING MINUTES

Our conversation focused on reviewing all of the things that we have accomplished thus far this school year. We also discussed the importance of continuing the events that are working well for our school while being intentional about planning, communication, and expectations.

We want CES family engagement/our family events at CES to be welcoming, meaningful, and centered on celebrating students and building relationships. Events we have already completed are: Goodies with Grandparents, Fall Open House,Terrific Kid, Canned Food Drive. Upcoming events are semester Awards Days, more Terrific Kid celebrations, Cowboy Christmas, Burgers, Books, & Bingo, One Last Slice of 5th Grade. We will continue to consider scheduling, capacity, parent invitations, and ways to make each experience special for our students and families.

We discussed current needs for our students. Pastor Showen is going to work with us to provide additional clothing for students (when they need a change of clothes while visiting the nurse). He also wants to know additional ways that he and his church can support our CES staff when it comes to Mental Health.

We also discussed the importance of listening to family feedback and continuing communication through the methods that work best for our families (Seesaw being the main focus).
