

Privacy Policy for DLRoute Chrome Extension

Effective Date: 09/2024

Thank you for using the DLRoute Chrome Extension. Your privacy is important to us, and this Privacy Policy outlines how we collect, use, and protect your information.

Information We Collect

DLRoute does not collect any personal information from users. The extension operates solely to organize downloads by routing files to specific folders, utilizing the permissions granted by users, which include:

- Downloads: To manage file downloads.
- Storage: To save any settings the user chooses.
- Tabs: To interact with browser tabs when necessary.
- Declarative Net Request: To manage network requests as required by the extension's functionality.
- Host Permissions: Allows access to any URL as defined in the manifest file.

Use of Your Information

The extension does not store or transmit any personal data. The only data managed is limited to user-configured preferences for organizing downloads.

Third-party Libraries

This extension includes the open-source Mellowtel library. If you opt-in, this library will let you share your unused internet with trusted AI labs & startups who use it to train their models. As the developer of this extension, I get a small share of the revenue. It helps maintain this extension free and available. Mellowtel shares your bandwidth only. Security and privacy are 100% guaranteed, and the library is open source for everyone to see. It doesn't collect, share, or sell personal information (not even anonymized data). You can opt-in or opt-out of the library whenever you want.

Cookies and Tracking Technologies

DLRoute does not use cookies or any tracking technologies to collect information about users.

User Rights

As a user, you have the right to:

- Opt-in or Opt-out of using the Mellowtel library for bandwidth sharing at any time.
- Delete the extension from your browser at any point, which will halt any operations it performs.

Security

We take the security of your data seriously and employ necessary measures to protect the information within our extension. While we strive to use commercially acceptable means to safeguard your data, please remember that no method of transmission over the internet or method of electronic storage is 100% secure.

Changes to This Privacy Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page. You are advised to review this Privacy Policy periodically for any changes.

Contact Us

If you have any questions about this Privacy Policy, please contact us at the email provided in the Google Chrome Store.
