Special Guest Francesca Hong (After Principal Updates)

1. **Intro:** State Assembly Representative for District 76 which includes Lapham and Marquette and Lapham-Marquette parent, Francesca Hong, is joining us! She is going to share strategies to encourage community participation to start writing, calling or testifying to help shape our school budget!
2. [SLIDES](#)
3. **Budget Process:**
 - a. **State Legislature:** Has the power of the purse. State Income Tax. Every Odd-numbered Year we set the budget. Evers has set his budget in February. Very pro-kid. Joint Finance Committee (JFC) will set the final budget and then the legislature finalizes it. JFC will hold 4 listening sessions. These won't be near Madison. In June, the legislature will meet and vote on a budget.
 - b. **Evers Budget:** Note - Asking for \$1.1 Billion Special Ed reimbursement to up it from 30% reimbursement to 60%. Revenue Limits were set decades ago and haven't been adjusted for inflation in 16y. Yet we know that costs have increased significantly. Basically the state has been underfunding our schools. So then localities need to raise Property Taxes to cover the cost to meet needs of students. And Referenda are also used because State has been grossly underfunding our schools.

- c. We have a \$4.3 billion surplus so we can do the full 90% reimbursement for Special Ed. The funding should be coming from our state. Their goal is to privatize our schools, but we shouldn't be
- 4. **Advocacy & Messaging:**
 - a. **So What Can We do As Public School Champions?** Organize.
 - b. **Be An Effective Messenger:** Tell Robin Vos that our property taxes are too high because he won't fund schools
 - c. **Public Schools Unite Us:** This section has language that's value-based and positive. Words like Providing instead of Investing. When we take care of all of our cares and have a strong, shared future. "We know what kids need. We have the money. Let's get it done!"
 - d. **What to do?** It can be as simple as having a dinner party. Having the discussion with friends and neighbors.
 - i. [WI Public Education Network](#) has great tools. How to connect with folks and messaging. Rural districts are really hurting and connecting with those folks will help
 - ii. MTI Advocacy Training
 - iii. Show Up to listening sessions that the Joint Finance Committee (JFC) is holding. Perfect your 1-2min pitch. Share something personal
 - iv. Write to your Legislature. Help folks in other districts
 - v. Stay engaged throughout the budget process and follow it closely
 - e. **Rep Hong** sees a lane to make movement amongst Republicans as long as we stay vocal and rally across the aisle.
 - i. This is directly related to the top issue - The Economy. Public Ed is truly an issue that unites all Wisconsinites
 - f. **VOTE! And tell 10 Friends outside of Madison** to vote Tuesday, 4/1, and ask what their plan is to vote
- 5. **Rep Hong commenting on allocation:** Can ask the School Board how the referendum dollars will be spent
- 6. Q: Are there members of the JFC in particular we should message? A: Do you know anyone in these areas? Encourage *them* to contact because they don't need to answer to us.
 - a. Spring Green & Mineral Point Area: Howard Marklein
 - b. Beaver Dam: [Rep Mark Born](#)
 - c. Oak Creek Area: Representative Jessie Rodriguez
 - d. Green Bay Area: Rep Ben Franklin
- 7. [Healthy School Meals for All](#)
- 8. [Bonus Slide Deck](#) that delves deeper into school funding
- 9. [Bonus Flyer on Federal Funding](#)
- 10. [Bonus Interactive Map](#) that shows funding impacts for each school in WI

Principal Updates (1st, 2nd Francesca Hong)

- 1. **Lapham Updates Linda Zimmerman:**
 - a. THANK YOU MNA for grant to continue Black Excellence group. Fun+learning, crafts, activities \$2500 grant for food, crafts, and T-shirts

2. Lapham Q&A

- a. For Lapham Family Brunch, do you need anything from the PTG at this time?
- b. Do you have allocation information to share with families?
 - i. Rough time for staff+schools. We are decreasing in allocation
 - ii. Lost 1 classroom section. Beloved teacher, Christopher Olson, in 1st grade was surplused. But actually going down a 2nd Grade classroom. Ms.Freng will be moving down to 1st Grade.
 - iii. Also lost 2 SEA allocation...Going from 6 to 4.
 - iv. Gaining Psych allocation
- c. Q: How many are in the 1st Grade cohort?
 - i. A: 54...now in 2 sections, so they'll be at capacity
- d. Q: What's your read on your situation? Is it fair? Why is the referendum money not going to staff?
 - i. A: Honestly, I'm disappointed we didn't keep our section. The self-regulation and SEL skills are still very much so developing. I've had a lot of direct conversations with my boss, Dr.Ebbe because we're feeling the crunch. Is it doable? Yes. Is it fair? No.
- e. SEE IMPORTANT FEEDER SCHOOL ADDENDUM on O'Keefe & East High Allocation and encourage our community to email MMSD Leadership & School Board and speak/register comments at [3/17 School Board Meeting](#)
- f. LMPTG wrote a [letter](#) on behalf of our neighborhood school community.

3. Marquette Updates Becky Peterson:

4. Marquette Q&A

- a. Is Marquette going to host a Brunch?
- b. Do you have allocation information to share with families?
 - i. Maintain number of sections
 - ii. Lost SEA section. 1 SEA was surplused. Hoping we get some back once budget stuff goes through
- c. Q: What's your read on your situation? Is it fair? Why is the referendum money not going to staff?
 - i. A: My concern is the allocation for Special Education.

Teacher Liaison Updates: Carolyn Wheat (Lapham- 2nd grade teacher) and Mark Richner (Marquette 3rd grade teacher)

1. Carolyn at Lapham:

Grace: Thank you to Katie for applying and to PTG for funding the Mobile Switch station! Our students are making use of the toys every day for accessible, interactive play.

Grace: Echoes Mark's Comments below

2. Mark at Marquette:

I am glad that families could learn more about the allocations for Lapham and Marquette last night at the PTG meeting. The allocations, in my view, are deeply concerning.

Someone asked what PTG members could do to support fairer allocations. The next Board of Education meeting is at Doyle next Monday, March 17th, beginning at 6:00.

I know that there will be many MTI union members, including myself, in attendance. From other efforts by the union, I understand that there is a belief that change only comes when families are involved and not just union members.

Would you consider sharing something with the PTG members about this upcoming meeting?

Also, if people are interested, here is [information on how to speak](#) in person, speak virtually, or submit a written statement. Possible focus points could include a reduction to special education at both schools, larger class sizes that are at an outdated maximum, and allocation guidelines that predate the pandemic.

In November, Mark Richner shared the name of a catering business run by the family of a Marquette 5th grader (Rican Rice Catering, ricanrice.com) and Eleanore suggested we might get the spring conference meals from them - how should we make this decision? The cost per lunch is \$12.99, including a drink."

Once concert dates are public, post to our [SignUp Genius](#).

My memory was jogged because Early Childhood kids were practically bathing in the puddles in their snowsuits...the snow gear let in a ton of water, so kids had to all change clothes. Which is a fine tradeoff for a full-body sensory experience :) , but rainsuits would be amazing. Thanks! Grace

2. Neighborhood Grants:
 - a. Molly: TLNA - they gave us \$250 for this year

IMPORTANT ADDENDUM:

Email from Ms.Wahl (Marquette & O'Keefe Strings Teacher) Note: Some emails incorrect – full email list below her email

“Despite the \$100 million referendum that was “not just about sustaining, but about thriving” schools and that was supposed to “ensure vital investments in staff and student programs”, and despite the opening of 420 units of family housing in our attendance areas, O’Keefe will lose the equivalent of 3 full-time positions and we have heard that East will lose the equivalent of 8 full-time positions for the 2025-26 school year. When determining these staffing cuts, MMSD did not factor in the new housing units in the student enrollment projections for next year. This staffing reduction at O’Keefe will result in the loss of:

- **1 6th grade core teacher**
- **2 SEA (Special Ed Assistants)**
- **0.5 CC teacher (Special Ed teacher)**
- **0.1 Math Intervention teacher**
- **2 sections of art**
- **2 sections of maker space**
- **2 sections of gym**
- **1 section of orchestra**

We have heard that the 8.0 staffing reduction at East will result in the loss of:

- **1 English teacher**
- **1 Math teacher**
- **1 Science teacher**
- **1 History teacher**
- **1 CC teacher (Special Ed teacher)**

Principal Inda fought against the O'Keefe reductions and won back 1 full-time position (from the original cut of 4 full-time positions). There is nothing more that he can do. If you would like to share your thoughts about how these staffing cuts will affect your child(ren) or what you think about this decision with MMSD, here are some options:

1. **Contact the Board of Education**

1. **Speak in-person at the board meeting at 6pm on Monday, March 10 or March 17 at the Doyle Administration building (must arrive by 5pm to register to speak)**
