

1. **Tidy or messy?**

**Azha:** **Tidy**, but only through the virtue of owning almost nothing. Most of what they do own is tucked away. However, their bag is organised chaos and their living space's a mass of dusty papers, so maybe **messy** would be more accurate.

**Beau:** **Messy!!** He leaves his treasures strewn all around the cave. Belle attempts to pick up after him every so often but it's hopeless.

**Dio:** **Tidy** usually, but it depends on the situation.

**Leilani:** Surprisingly **tidy**. Although she'd prefer people didn't know, she does like to keep her stuff in order and gets uneasy when it's not.

**Nagi:** **Tidy**. He has maintained his own space for so long, it's a hard habit to break.

2. **Night owl or early bird?**

**Azha:** **Night owl**, doesn't go out during the day.

**Beau:** **Early bird? Noon fowl?** He doesn't tend to stay up late, but he's not the type to jump out of bed in the mornings either.

**Dio:** **No preference**, he's flexible. By which is meant, it seems like he's always around.

**Leilani:** **Early bird** gets the worm!

**Nagi:** **Early bird**. He tends to rise and settle with the sun.

3. **Sweet dreams or nightmares?**

**Azha:** **Dreamless sleep**. They tend to exhaust themselves so thoroughly that they don't dream. The only exception is when they're visited by the Guardians of the Isles, but they're never enthused by *that* experience.

**Beau:** **Sweet dreams!** He's not much of a worrier.

**Dio:** **Yes.** :^)

**Leilani:** Tends to start off as a **sweet dream**, but it'll become a **nightmare** approximately fifty percent of the time.

**Nagi:** **Nightmares**, when he does dream. He prefers meditation over sleep however. He does sleep by Aspen's side—the presence of his guide usually keeps dreams at bay.

4. **Comic books or novels?**

**Azha:** **Neither**. They're not interested in fiction.

**Beau:** Probably **comic books**, since he's illiterate. Doesn't care to read them though.

**Dio:** **Novels**, but he does hold an appreciation for the visual arts as a whole.

**Leilani:** She'd go for a **novel** over a comic book, but reading isn't her favourite pastime.

**Nagi:** **Novels**. He enjoys being introduced to new concepts and ideas through fiction. However, as a seeker, the illustrations in comic books are somewhat wasted on him.

5. **Socks with sandals / crocs?**

**Azha:** **Yes**. Doesn't care, if it's comfortable he'll wear it.

**Beau:** **Yeah**, he sure is wearing them.

**Dio:** **No**.

**Leilani:** **Nah**, nothing worse than wet sandy socks.

**Nagi:** **Not for him**, but he won't judge.

6. **Bold colours, pastels, or desaturated colours?**

**Azha:** **Desaturated colours** to blend in with their surroundings.

**Beau:** **Bold colours** for a bold personality.

**Dio:** **Bold colours** to be seen.

**Leilani:** **Bold colours** 'cause they make life a bit brighter.

**Nagi:** **No preference**; all colours are beautiful when viewed through Aspen's eyes.

7. **Singing off-key loudly or always perfectly in tune?**

**Azha:** **Off-key humming**.

**Beau:** **Neither**, his voice isn't unpleasant but nothing special either.

**Dio:** **In tune**, charming and almost hypnotic.

**Leilani:** **Deliberately singing off-key**. Sounds decent when caught singing along to the radio.

**Nagi:** **In tune**, but with little vocal power.

8. **Many blankets, one, or none to sleep?**

**Azha:** **None**, all they need is their trusty hood.

**Beau:** **One**, although he has a few more haphazardly thrown across (and off) his hammock.

**Dio:** **Many**, his bed is a comfy nest of blankets and pillows.

**Leilani:** **One**, but she'll always have a leg sticking out from underneath.

**Nagi:** **One or none**. He doesn't require it, but has no complaints about sleeping with one since it's Aspen's preference.

9. **Stormy weather or sunshine?**

**Azha:** **Sunshine**. Accounting for the humidity is an extra complication.

**Beau:** **Sunshine**, so he can go explore outside! Although he does like combing the beach after a storm.

**Dio:** **Sunshine**. The sun provides life, after all.

**Leilani:** **Sunshine**, storms at sea are no joke.

**Nagi:** **Sunshine**. He's always thankful for the sky's gift of water however.

10. **Logic or creative?**

**Azha:** **Logical**.

**Beau:** **Creative**, he's rather whimsical.

**Dio:** There's a time and place for **both** creativity and logic.

**Leilani:** She'd probably claim she's **creative**, but she's not as oblivious as she sometimes pretends to be.

**Nagi:** **Logical**, but he's open to new ideas.

11. **Cook at home or takeout?**

**Azha:** **Neither**, they don't like to eat.

**Beau:** **Takeout**, of sorts. He'll eat whatever he can get his grubby little mitts on, e.g. leaves plucked off a tree or fruit pilfered from boats.

**Dio:** Prefers to **cook at home**, but his lifestyle doesn't allow much room for it. Usually ends up eating out instead.

**Leilani:** **Takeout**. She only really enjoys cooking for others (and she cooks those specific dishes well.)

**Nagi:** **Cook at home**, although he doesn't cook as such. He tends to eat raw flowers, herbs, bark, or steeps them for tea.

#### 12. Giggly or deadpan?

**Azha:** **Deadpan**, usually opts for sarcasm.

**Beau:** **Deadpan**? He *is* expressive but he's a little man with important business!!

**Dio:** **Deadpan** with a smile. It's really hard to tell if he's joking or not.

**Leilani:** **Deadpan-ish**? She can say outrageous things without missing a beat. She's pretty quick to laugh though.

**Nagi:** **Deadpan**... jokes and him don't really mix.

#### 13. Passion or apathy?

**Azha:** **Passion**. They literally live in the middle of nowhere studying mushrooms.

**Beau:** **Passion**. Apathy is synonymous with boredom to him.

**Dio:** **Passion** in all its forms.

**Leilani:** **Passion**. Hey cuties. ;)

**Nagi:** **Passion**. Even when he was a guardian, he still had passion. It's very precious.

#### 14. Jack of all trades or master of one?

**Azha:** **Master of one**, but "science" is a pretty broad field.

**Beau:** **Jack of all trades**, he's curious and stubborn.

**Dio:** **Jack of all trades**. He likes to pick up new skills, to rely and be relied on.

**Leilani:** **Jack of all trades**, but her skillset is primarily catered towards the coast. She's a pretty avid surfer!

**Nagi:** Used to be a **master of one**, but has recently enjoyed dabbling and picking up new hobbies.

#### 15. Many knick-knacks or a few treasured items?

**Azha:** **A few treasured items**, all in his bag.

**Beau:** **Many knick-knacks**, he loves his treasure!

**Dio:** **Many knick-knacks**, gifts received and items he will gift one day. It's a mystery which items actually hold sentimental value to him.

**Leilani:** **A few treasured items**? She does keep some sentimental stuff, but it's more like a box with photographs and ticket stubs to jog her memory. Her place is pretty small with not much room to display things.

**Nagi:** **A few treasured items**. He's not very materialistic but he takes care of what he owns. Impossible to buy gifts for though.

16. **Journal writing or left to memory?**

**Azha:** **Journal writing**, though it's more scientific notes than a record of his day.

**Beau:** **Left to memory** since he can't write.

**Dio:** **Journal writing**, in code.

**Leilani:** **Left to memory** for the most part.

**Nagi:** **Left to memory**. He doesn't really see the point in keeping a journal.

17. **Meaningful work or working for meaning?**

**Azha:** **Meaningful work**, still in the woods with their fungi.

**Beau:** Never worked a day in his damn life.

**Dio:** **Meaningful work**. :^)

**Leilani:** **Neither?** She bounces between jobs but if she didn't need a paycheck she just wouldn't work.

**Nagi:** **A mix of both** as the guardian of the secondary Tree of Life, but he's past that now.

18. **Go with the flow or plan it out?**

**Azha:** **Plan it out**, but their plans tend to be very loose and their days aren't highly structured. One never knows what to expect or how much attention something needs.

**Beau:** **Go with the flow**, although he'd argue he has "plans."

**Dio:** He's a **planner**, but extremely flexible.

**Leilani:** She'll **go with the flow** but plans in the moment. With her strong personality, sometimes she'll end up taking charge to implement a plan step-by-step.

**Nagi:** **Go with the flow**. He lived by a set routine before, but that wasn't decided by him.

19. **Fame or secrecy?**

**Azha:** Fame for the discoveries they choose to share, **secrecy** for themselves.

**Beau:** **Secrecy**. He likes the concept of fame, but dislikes the idea of having to share.

**Dio:** Surprisingly, **secrecy**. Secrets are useful. He prefers word of mouth over large statements. That isn't to say he isn't known though.

**Leilani:** Who doesn't love **fame**? (Lei, but she wouldn't be content with secrecy either.)

**Nagi:** **Secrecy**. He once thought he was working towards something important and was left isolated. He'd rather only be known to those close enough to call a friend.

20. **Slow and easy or adrenaline chaser?**

**Azha:** **Slow and easy**, being overly hasty means you will have to redo it.

**Beau:** **Adrenaline chaser**, gotta go fast.

**Dio:** **Slow and easy**, everything in its own time.

**Leilani:** **Adrenaline chaser**. Sometimes you just have to *do* something.

**Nagi:** **Slow and easy**, there's no rush.

21. **Dawn or dusk?**

**Azha:** **Dusk**. They leave their tree hollow when the sun sets.

**Beau:** **Dawn**, a new day!

**Dio:** **Dusk**—to enjoy the cover of night.

**Leilani:** **Dawn**. The world is peaceful before everyone else wakes up.

**Nagi:** **Dawn**.

22. **Sweet or sour?**

**Azha:** **Sour** food is marginally more tolerable.

**Beau:** **Sweet**, hates sour foods.

**Dio:** His grapes are perfectly **sweet**.

**Leilani:** **Either**, but she's more of a salty gal.

**Nagi:** **No preference**, but doesn't really like *overly* sweet or sour things.

23. **Trustworthy or tricky?**

**Azha:** **Neither**. They have their own agenda but it doesn't usually involve using others.

**Beau:** **Tricky**. He's a selfish little gnat I'm going to crush like a bug.

**Dio:** **Tricky** is a synonym for manipulative, right?

**Leilani:** **Trustworthy**. She can be a bit much, but she doesn't have bad intentions.

**Nagi:** The most **trustworthy**, voted best random stranger to hand your baby to.

24. **Patient or impatient?**

**Azha:** **Patient** in general, but impatient with others.

**Beau:** **Impatient**.

**Dio:** **Patient**. :^)

**Leilani:** Really depends on the situation, but more likely to be **patient**.

**Nagi:** **Patient**.

25. **Peace or chaos?**

**Azha:** Don't care. Didn't ask. I'm biting you.

**Beau:** **Peace**.

**Dio:** **Peace** (but it really depends on your definition of chaos.)

**Leilani:** Love and **peace**.

**Nagi:** **Peace**.
