## Takeaways

- There were a significant amount of outreach events and trainings that the Community Outreach, Training & Education Unit had done in 2023. That section of the review took the longest.
- The Office of Domestic Violence Strategies only has 2 staff members.

## Follow-Up Questions & Observations

- The town hall forum was in a webinar format so it was not possible to determine how many people other than the CPOC members and guests attended.
- There wasn't discussion about police-involved stalking/abuse until two community members brought it up, which seems strange for presentations meant for a police oversight committee's town hall forum
