

BASIC SKETCHING AND DRAWING SUPPLIES LIST

You can purchase the supplies listed below from Hobby Lobby, Michael's, jerrysartarama.com, blickart.com, amazon.com, and any art supply store. You might also be able to purchase pencils and drawing pads through Walgreen's and other retail outlets.

The supplies suggested are just suggestions. You can purchase any material that is similar and at a better price. I listed Amazon prices because they seem to be the cheapest, however, you might find some products cheaper elsewhere.

Note: For Session One, please have a drawing a drawing pad, charcoal sticks, paper stump, and a 2B pencil.
