

11B 0.7: Senior Panel

PHASE OVERVIEW

This is a pre-match phase which introduces students to the program, the role of the mentor-mentee, and the way the curriculum and classes support them in this work. This phase prepares students to complete their new mentee application for matching. At the end of the phase, students will be prepared to fully participate in the program and will understand the reasoning/benefits of the program.

LESSON OBJECTIVE

SWBAT hear from seniors currently enrolled in the program.

PURPOSE

Students may feel apprehensive about starting their junior year and being matched with a mentor. Hearing from seniors that have lived through these experiences can help ease their anxieties and allow students to ask questions to best prepare for the year.

AGENDA

5 min *Do Now: Q&A Brainstorm*

35 min *Learn and Engage: Senior Panel*

KEY TAKEAWAY

Listening to others' experiences can help me prepare for my future.

FACILITATOR NOTES:

This lesson can be run at any point within the phase. You will need 12th grade volunteers that are willing to speak in front of the class and answer the panel questions. Work with your school team to source the students. Once you source these students, it is recommended that you preview the panel questions with them beforehand.

Alternatively, you can pre-record the senior students answering the panel questions and play the video in class for students.
