Calling High School Seniors:

Pulaski Urgent Care is proud to announce the Mary Jane Chatterton Scholarship.
This new scholarship is in the name of a founding member of Pulaski Urgent Care. Mary Jane Chatterton has been a resident of the Sandy Creek/Pulaski area all of her life. During her life, she inspired countless people in the community and since her passing from breast cancer we are inspired to memorialize her legacy with this scholarship fund.

We encourage those high school seniors whose life has been touched by cancer or otherwise are inspired to make cancer treatment and research a part of their life. Share your story and/or plans regarding cancer with the committee. Include the attached application and a short essay describing how cancer touched your life and/or how it inspires your future plans and/or career path.

Mary Jane touched the lives of thousands and we know you will too. It is our hope that in her name we might help you do the same.

Send completed application and essay to:
