Privacy Policy for PrimeTechApps

PrimeTechApps ("we," "our," or "us") is committed to protecting your privacy. This Privacy Policy explains how we collect, use, disclose, and safeguard your information when you use our mobile applications and services ("Service"). By using our Service, you agree to the collection and use of information as outlined in this policy.

We comply with applicable privacy laws and regulations, including the General Data Protection Regulation (GDPR), the California Consumer Privacy Act (CCPA), and the Children's Online Privacy Protection Act (COPPA).

Information We Collect

At PrimeTechApps, we do not collect, store, or use any personal information that can be used to identify you. Our apps are designed to provide a safe user experience without compromising your privacy. Any data processed by our apps remains on your device unless otherwise stated.

We may, however, collect non-personal information to improve app performance and functionality. This includes:

•	Device information, such as hardware model, operating system version, and app performance data.

•	Usage data to understand how users interact with our apps and improve user experience.

We do not collect any unique device identifiers or personal data that could identify you as an individual.

Permissions Required

Our applications may request the following permissions to provide core functionality:

1.	Microphone

Some applications require microphone access for specific features (e.g., voice recording). No audio data is collected or stored.

2.	Location

Certain features may require location access (e.g., location-based services). No location data is collected or shared.

3.	Wi-Fi and Internet

Internet access is required for some applications to function properly. We do not collect or transmit any personal information through these connections.

4.   External Storage

Storage access is needed to allow users to save or edit files, such as images. We do not collect any data stored on your device.

5.   Bluetooth

Bluetooth permissions may be required for features like toggling Bluetooth settings. No personal information is accessed or collected.

6.   Other Permissions

Additional permissions, such as accessing network state, sending SMS, or enabling administrative functions, may be necessary for specific features. These permissions are solely used to enhance user experience, and no personal data is collected.

Children's Privacy

PrimeTechApps is committed to protecting the privacy of children. We do not knowingly collect personal information from children under the age of 15. If we become aware that such data has been inadvertently collected, we will take steps to delete it promptly.

Security

We prioritize the confidentiality and security of your information. Although we do not collect personal data, we implement industry-standard measures to protect the non-personal information processed by our applications. However, no system is completely secure, and we cannot guarantee the absolute security of any data.

Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any significant changes will be posted on this page. We encourage you to review this Privacy Policy periodically to stay informed about how we are protecting your information.
