COVID-19 vaccination opportunity for Students, Families, Staff and Community of [Davisville Public School/Spectrum Alternative](#)

Dear *Students and Parents*

A student and family friendly POP UP COVID-19 Vaccination with the **Pfizer BioNTech** vaccine will be offered at [Davisville Public School/Spectrum Alternative](#) This vaccine has been [approved by Health Canada](#) for **youth ages 12 and up**.

Full vaccination is a key to maintaining a safe environment for in-person learning.

A high level of students with full vaccination will support a safe return to extra-curricular activities such as arts and sports.

All youth will have a chance to discuss vaccination confidentially with a physician or nurse practitioner. All questions and concerns are important and welcome! There will be a 15-30 mins supervised observation period after vaccination for your wellness and safety.

We encourage you to come and take advantage of this opportunity.

There are NO long line ups! This clinic is just for you!

Date: Monday, November 01th, 2021

Vaccine: **Pfizer**

Eligibility:

-First Dose: Students born in 2009 and older.

-Second Dose (of Pfizer):

Students & household members and staff who have received a 1st dose

- 1) **Pfizer > 21 days ago.**
- 2) **Moderna > 28 days ago.**
- 3) **Astra Zeneca > 8 weeks ago.**

Location: [Davisville Public School/Spectrum Alternative](#), Gymnasium

TIME: starts at 3:45pm and run until 6:00pm

Students may attend independently or with their families as they wish.

Best regards,

*Dr Suvendrini Lena MD FRCPC MPH
Medical Lead for Schools WCH*
