COACHING MASTERY COMMUNITY

🎧 **Podcast Broadcast: :** Weekly LIVE, raw and un-edited in our free FB community at cmc.coach:
🎯 **Client Challenge - Implementation Session:** We help you exactly where you're stuck, on the multi-step journey of "clienting" from when you meet someone all the way through to them becoming your client, and generating referrals without being pushy or salesy in the current market.
🥽🔬 **The Coaching & Sales Clinic:** The most powerful way I've seen to improve your coaching skills, experientially. Group debrief with paid members and experienced coaches, who are all actively building their business and clientele.
🤖 **A.I. Client Creation Workshop:** We take our relational approach to building a coaching business and apply AI tools on the key pieces that move the needle, with a focus on the process of getting clients into your roster.
