

MUG 2018 Discovery Committee Presentations

The Marmot Council decided that each of the committees should provide a presentation at MUG this year. As committees you should come up with a topic or number of small topics that can be discussed or shared within a 45 minute presentation. Presentations can be done as a panel, lightning rounds, or a single person. Marmot needs to have a general description (flexible to change) and title for your sessions by June 30th.

Potential Pika Topics to Present On

- **Marmot Members**
 - Anna, Grand County : uploading photos for cover art displays - hands-on workshop
 - Ashley and Pascal : sideloading? (not sure about this, just using as a placeholder)

- **Discovery Partners**
 - James, Nashville : Pika vs. other OPAC comparison walkthrough
 - This would be done remotely.
