LET'S TRAVEL!	Learning Objectives: Develop their speaking skills.	Material Needed:
Warm-up activity: 10 Minutes. The teacher will project a video in which different parts of the world will be presented. To show different cultures, activities, food and places to visit.		
Pre-Task: 10 Minutes. Ss will get in teams of four and decide what place they want to visit. They have to decide what activities and places they would visit during their trip.		
During-Task: 15 Minutes. Ss will create their own itinerary with a budget of 750 euros, plane tickets to their destination are already included. The students will have to find where to stay, what to eat, and how to transport themselves during their stay.		
Post-Task: 20 Minutes. Students will have to create a powerpoint presentation where they can present their itinerary to us. The students also will have to share their opinion about it, if they think it would be enough money for the food, transportation, and activities for the whole trip.		
Homework: Ss will write a letter about their trip, activities, food and everything they planned. Next, they will exchange letters with the other teams and discuss each experience.
