

GIRLS HUMAN RIGHTS MONTH PARTNERSHIP PLEDGE

An Institutional Commitment to Girls Human Rights

We, _____ the undersigned institution, proudly pledge our support for the campaign to formally recognise February as Girls Human Rights Month—a global call to action to uphold and advance the rights of girls everywhere.

We believe:

- That every girl has the right to live free from violence, discrimination, and marginalisation.
- That the promotion of girls' rights is essential to building just, equitable, and sustainable societies.
- That institutions have a moral and social responsibility to foster awareness, dialogue, and action on issues affecting girls worldwide.

In support of this campaign, we commit to:

- Publicly Endorsing the campaign to make February Girls Human Rights Month;
- Hosting at least one event or activity during February that raises awareness, educates, or inspires action on a key issue affecting girls' rights—whether through education, performance, advocacy, or community engagement;
- Promoting the campaign within our networks, among our students, staff, or members, and encouraging meaningful participation;
- Collaborating with the Girls Human Rights Hub (GHRH) and other partners to amplify this movement for justice and change.
