Why did you want to watch this show? How did you hear about it? What grabbed your attention?

When I was in middle school I had just finished the current show that I had been watching and wasn't sure what to watch next, so I went to my Netflix recommendation bar and low and behold TVD was first on the list. I was a little skeptical at first because I was never much into fantasy, but after the first episode I was hooked.

How many seasons does this show have? What season(s) did you watch?

TVD has 8 season, I have seen all of them!

Without spoiling too much, what is this show about? What interesting details can you tell us about it?

The show simmers down to the female lead who gets entrapped in the love of two vampire brothers, her and her friends learn about the supernatural world and inhabit many changes throughout the way.

Who are the main characters? Who was your favorite character and why? What makes them interesting?

There are many main character but I'd say that the main characters that are consistent would have to be Elena, Damon, Stefan, Caroline, Bonnie, and Klaus. My favorite character is probably Caroline or Bonnie, they are Elena's best friends. They both learn so much about themselves and hold so much power. Bonnie holds the most power and her story is pretty inspiring, while Caroline is pretty spunky and not afraid to speak her mind. Caroline's character and story line is definitely entertaining.

Does this show remind you of any other type of show you've watched?

This show is the first in a 3 part series, so I'd say that TVD reminds me of it's sister shows, but only because the story line is meant to follow TVD and what comes after TVD ends.

Is this show a book-to-TV adaptation? If so, what is the name of the book and author? Have you read the book?

TVD is a book-to -TV adaption! The books are written by L. J. Smith but I unfortunately have not read them! Although I have heard that the books are quite different from the TV series.

Who would you recommend this show to? What type of person would enjoy this?

I would definitely recommend this show, anyone who likes "drama" shows would definitely enjoy this series! I haven't read/ watched twilight but I would also assume that the people who enjoyed that series would also enjoy The Vampire Diaries.

What are your thoughts on the cover? Do you think the cover fits what the story is about?

The cover focus on Elena, Stefan, and Damon whom the first couple seasons revolve around. I think this cover is pretty iconic and I see many recreations of this cover on many recent movies, books, and TV series.

Any other thoughts about the show?

This is can be quite emotional at times but it's definitely worth it in the end!
