General Michael Flynn endorses Trump

## Official Statement of Endorsement:

### General Flynn Unconditionally Endorses Donald J. Trump for President

**VENICE, Fla. - July 3, 2024** - This is our last chance to vote for freedom from government control. Will your children live the American Dream or be enslaved by a corrupt, wasteful government of woke globalists?

Inflation has starved our families, stolen our savings, and shattered our dreams. Lawlessness has destroyed our culture — and drug dealers, child traffickers, and terrorists walk across our border. Our once unmatched military now trains on DEI instead of focusing on combat tactics and achieving victory. Our allies don't trust us. China, North Korea, and Iran know that.

We need change; and one man has the knowledge, determination, previously demonstrated experience, and more important, the courage to bring it, on Day 1. He runs into the fight — whatever the cost — including the most egregious political persecution in modern history. President Trump simply refuses to watch America destroy itself.

I endorse Donald J. Trump for President 100%. And I trust his judgment. He is, since Ronald Reagan, the greatest leader of our time. May God Almighty protect and bless him, and may God continue to bless America.

- LTG Michael T. Flynn, USA (Ret.)

## This is why your doctor gets aggressive.

Blue Cross Blue Shield pays your doctor a \$40,000 bonus for fully vaccinating 100 patients under the age of 2. If your doctor manages to fully vaccinate 200 patients, that bonus jumps to \$80,000.

But here's the catch: Under Blue Cross Blue Shield's rules, pediatricians **lose the whole bonus** unless at least 63% of patients are fully vaccinated, and that includes the flu vaccine. So it's not just \$400 on your child's head—it could be the whole bonus. To your doctor, your decision to vaccinate your child might be worth \$40,000, or much more, depending on the size of his or her practice.

Looks like we've got the Zelenskyy interview. We've been trying for two years, and with particular intensity after interviewing Putin in February. The point is to bring Americans much-needed information about the conflict that's completely reshaping their country's position in the world. Coming soon we hope.

## Chevron Deference NO MORE

This action gives **POWER** back to the people.

**WHAT** does this mean exactly?

**What does deference mean?** ...a respectful submission or yielding to the judgment, opinion, will of another. LIKE a respectful or courteous regard.

This is a **HUGE WIN** my friends....

The Supreme Court's decision to overrule Chevron deference is a positive development in limiting the power of the administrative state. The bureaucracy has grown unchecked for decades, empowered by Chevron deference, and this decision puts on a better foundation the separation of powers. The decision gives individuals the right to have their case heard in court and for the court to apply the law as written, rather than deferring to unaccountable bureaucratic experts.

— This takes unregulated control and power away from self righteous groups that are not elected officials. Gives the individual or business the ability to fight back. 👍

# Autobiography in Five Short Chapters

## I.

I walk down the street.  
There is a deep hole in the sidewalk.  
I fall in. I am lost. I am helpless.  
It isn't my fault.  
It takes forever to find a way out.

## II.

I walk down the same street.  
There is a deep hole in the sidewalk.  
I still don't see it. I fall in again.  
I can't believe I am in the same place.  
It isn't my fault.  
It still takes a long time to get out.

## III.

I walk down the same street.  
There is a deep hole in the sidewalk.  
I see it there, I still fall in.  
It's habit. It's my fault. I know where I am.  
I get out immediately.

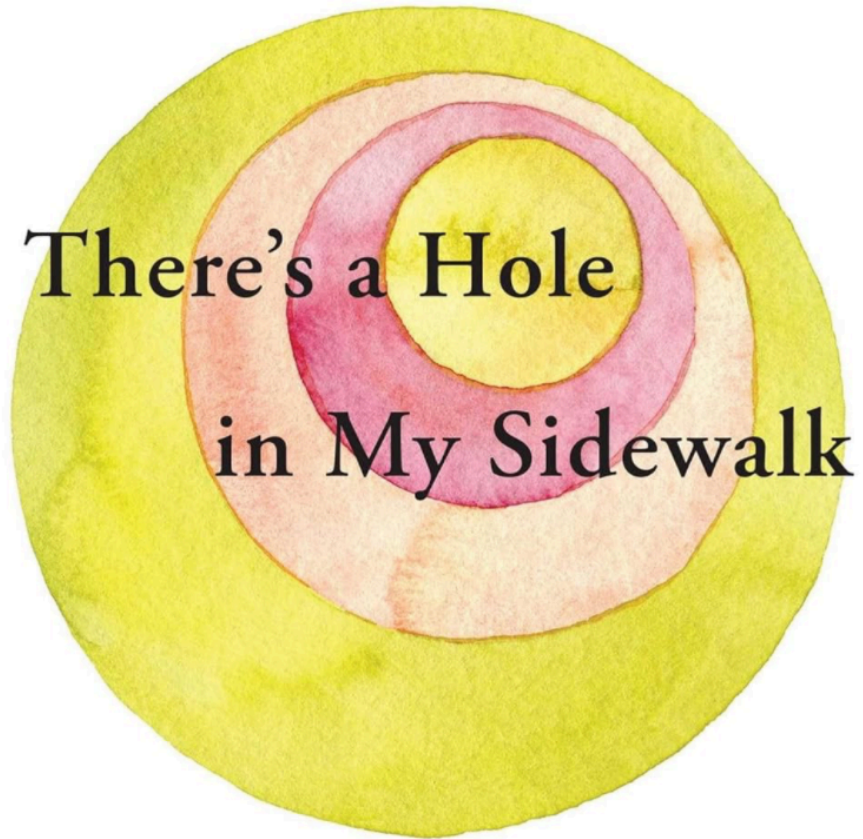

## IV.

I walk down the same street.  
There is a deep hole in the sidewalk.  
I walk around it.

## V.

I walk down a different street.

Here is a **POWERFUL MESSAGE** from **DOLORES CANNON**  
(posted on Facebook by Candace Craw-Goldman, former personal assistant of Dolores Cannon and creator of BQH, etc., techniques):

Another water dream, 69th in a row. Dolores was in this one.

I dreamed I was on a massive, MASSIVE cruise ship on an even more massive ocean than any ocean of which I know. This ship was bigger than most cities. I was in a common room of some kind with a gathering of people. Dolores was speaking and EVERYONE was listening. She was standing by a rather large round double tier water fountain, one you might typically see outside or in a park.

She was saying that she wanted to speak to the American citizens only, and that any outside of the room nearby should come in. **"This is a message specifically for Americans."**

As the crowd distributed itself as per her instructions she waited patiently.

As this was proceeding, I was looking more closely at the water fountain .

. There seemed to be clear "sleeves" something like ziplock bags, but sturdier that were filed standing upright around the fountain. They seemed to be available to people to gather some water to take away. My sense was that was what we in the crowd would do after Dolores spoke.

Looking at the sleeves I found myself studying the water. It was structured in a way, in layers, translucent, but separate sort of layers. All very clean and pretty blues/greens/clear. The water swirled but didn't really "mix". The action of the water going up and spilling down did not affect the structure at all. Each droplet was its own structure as well.

I found myself wondering how the fountain water was connected to the water of the ocean that was carrying the ship. It seemed there was a direct connection. It seemed the great ocean was also structured.

Dolores cleared her throat and the room became quiet. She said, "**No one knows *\*exactly\* how this near future will play out.***" She waited a moment and then for effect said again, "No one knows."

Then, she said, "What you need to know is that you, **the PEOPLE, are THE MOST powerful factor in how it plays out. NO ONE can change that.**"

Again she waited a few moments and repeated, "NO ONE can change that." Someone in the crowd wanted to know more information. "But Dolores, what CAN you tell us? You obviously know something."

My sense too, was that she had more information and that the general "eventual outcome" was known or predicted, but the actual playing out of events, on a smaller scale was completely up for grabs. I was eager to hear more. As everyone was.

Just as she started to answer that question, an alarm went off. I was waking up from my dream to an insistent and very loud clock alarm.

I sat up in bed, but in actuality, there was no alarm going off. I did not set an alarm at all on a clock or phone or anything else. This was about 5am. I laid back on my pillow and allowed Dolores' energy to return. It did return. She stood there again and I waited but she was silent.

Finally, she said, "**I said what I needed to say.**"
