## WHAT IS OmniMint AI Suite?

OmniMint AI Suite is a whitelabel PWA platform builder that lets anyone create and sell fully branded AI software businesses across Apple, Android, Desktop & Web - without writing a single line of code.

It focuses on turning pre-built AI modules into revenue-ready applications that customers can brand, deploy, and monetize through direct outreach, client work, and recurring subscription models - all without expensive developers, complex technical skills, or months of development time.

The key HOOK I want you to remember is:

**“Build & Sell Your Fully Branded AI Software Business - Across Apple, Android, Desktop & Web - Without Coding, Developers, or Technical Skills”**

We have documented case studies proving that complete beginners are building focused AI software businesses and monetizing them through direct outreach, premium client work, and recurring revenue models.

## **Swipes & Hooks**

Swipes - <https://getomnimint.com/tools>

Hooks and Angles

**Primary Hook:** *"Build & Sell Your Fully Branded AI Software Business - Across Apple, Android, Desktop & Web - Without Coding, Developers, or Technical Skills"*

## **Bullet Points for building your own swipe:**

1. Create fully branded AI software businesses across 4 platforms (Apple, Android, Desktop, Web) from a single dashboard - no coding required.

2. 1,000 pre-built AI modules ready to package into sellable apps – if you can select modules, you can build profitable software in hours.
3. Just 30 minutes to build your first revenue-ready app that continues generating income through recurring subscriptions.
4. White-label everything: your logo, your domain, your pricing, your customers, your 100% revenue (up to \$50K, then 10% platform fee).
5. Start with 5 business licenses – create multiple apps for different niches or sell to clients for setup fees + monthly management.
6. Turn minimal setup into maximum profit – charge clients \$1,000–\$3,000 for apps that take you minutes to configure.
7. A complete 3-day training system gets you from zero to first customer without ads or email lists.
8. No complicated coding needed – select modules, brand, deploy. Simple 3-step process anyone can master in days, not years.
9. Build apps that generate revenue 24/7 through subscriptions, one-time sales, or credit systems on autopilot.
10. Deploy to 7 platforms with Bundle (includes Chrome Extensions via OTO2 MarketingMint to reach 3 billion Chrome users).
11. 2 payment processors integrated – accept payments globally through Stripe and PayPal with built-in monetization.
12. Perfect for entrepreneurs, agencies, and anyone who wants to own software businesses without the typical development nightmare.
13. Complete agency blueprint included – manage client apps for predictable recurring monthly income.
14. Eliminate expensive developers with pre-built modules that solve real problems customers pay for.
15. Future-proof your business with unlimited module additions in OTO1 – platform grows with you, zero platform fees forever.
