Detective Cordova

****Please use INCIDENT #24-00213022 as a reference. They are trying to piece together suspicious activity from our area.**

He also said if you see ANYTHING SUSPICIOUS (person, vehicle, etc.) to IMMEDIATELY call Crime Stop at 602-262-6151 Option #4.

According to the detective, the MO of these burglaries have been to break the glass of the exterior door so the alarm doesn't go off. They target the master bedroom and not the rest of the house. These people usually case the neighborhood first to see who is not home.

Phoenix Police Traffic Complaint

<https://www.phoenix.gov/police/traffic-complaint-hotline>

Hello,

I have received a number of complaints regarding speeding and traffic issues. I wanted to provide a resource to help try and get this issue under control. I will attach a link below where you can report these issues and have a designated traffic enforcement officer to address these concerns. Please share this with your neighbors and make sure everyone who is having an issue is reporting it. I will also reach out to the respective departments to try and get additional patrols in the area.

"If speeding or other traffic are a concern near your business, you may call 534-SPEED or 602-534-7733. Traffic of concern near your business or in your parking lot may be reported. Or, you may use this online form to report issues. The City of Phoenix Police Department will assign an officer to handle the traffic issue. During normal business hours the telephone hotline is manned by an officer to receive your comments, complaints or questions.

After normal business hours you will reach a message recorder to voice your concern/s. A Phoenix Police Officer will call you back. The telephone hotline is not an emergency phone number. If you have a current emergency, please call 9-1-1.

The Phoenix Police Department traffic complaint hotline may also be reached via email at: traffic.complaints@phoenix.gov.

Otherwise, you can use this form for any non-emergency questions, complaints, comments or requests.

So that we may best respond, please fill out as much of the information requested as possible. City Police Department staff will respond soon."
