

Opportunities & Insights for Native American Students

The Anoka-Hennepin Career and College Specialists recently facilitated two panel discussions featuring Native American voices and college opportunities. These conversations include college representatives and current students from Augsburg University, Bemidji State University, Fond du Lac Tribal and Community College, University of Minnesota Morris, and University of Minnesota Twin Cities. We are grateful for our fantastic Indian Education advisors in Anoka-Hennepin and all of the panelists for sharing their stories and providing their personal insight and experiences.
