

We are celebrating NSPCC Childhood Day on Friday 6th June. Childhood Day is the NSPCC's national day to raise awareness and help keep children safe.

We are attaching a wonderful resource with suggested activities for your child to do before they reach 11 ¾. Help your child by choosing some of these activities and completing them between now and September. Lots of fun for the summer holidays! There will be prizes for a child in each step, presented to the children who complete the most activities. Take a look below!

Step 1 Prize

Step 2 Prize

Step 3 Prize

You can share photos of your child completing these activities using a photo collage, google slides presentation or videos. Your child could even draw themselves completing some activities.

Entries need to be submitted by September 12th and will be judged by how many activities have been completed and how you present these achievements.

As Dr Seuss wrote “You're off to Great Places! Today is your day! Your mountain is waiting, So... get on your way!”
