## **Dominate Your Niche Online & Get More Sales On Autopilot Using ContentReelAI!**

Hey!

It's Abhi Dwivedi, **founder & creator of ReelApps, a powerful video creation & marketing suite.**

Thank you for checking out our ContentReelAI partner's page.

If you don't know me, I've been an online marketer and software developer for over 17 years now, having done multiple six and seven figure product launches, webinar promos and running multiple successful YouTube channels; on top of all the other cool things me and my team does. In the past few years, I've had multiple Best-Seller software products with thousands of users actively using and benefiting from our products.

Our products deliver real life results, they convert for our partners and our support team is 24/7 available to help our users achieve more.

### **What Is ContentReelAI?**

Creating good quality videos, with meaningful content, on scale isn't easy!

In 2024, to get attention and dominate in your category, you need to create and publishing multiple videos with good content every single day.

Without this, your business simply have no chance to get the visibility.

What businesses want is the ability to quick and easily create multiple professional yet gorgeous looking videos with meaningful content, without spending hours writing scripts, editing, recording or spending a fortune outsourcing.

No one has time to write 10 video scripts every day and then create storyboards, add animation (even if its point-n-click) or design all those other video elements.

***What they want, is the ability to easily turn a single keyword into multiple stunning, professional looking videos with meaningful content with the option to add their own logos, branding and add their message...***

***...videos they can use for marketing, promotions, generating traffic...or for ads!***

**That's exactly where ContentReelAI comes in.**

Creating and publishing at least 2-5 videos a day on TikTok, YouTube, Facebook, Instagram and other social media sites is critical.

ContentReelAI makes it hands-free for anyone to create multiple 16:9, 9:16 or 1:1 animated videos for social media, marketers, ads or anything you can think of using just a keyword using real A.I., saving businesses tons of time, effort and money.

ContentReelAI uses a well-trained A.I. models to create videos at scale. You simple enter a keyword and choose the video style, and A.I. will pick multiple trending topics around the niche/keyword, write script for each topic and convert each script into a fully animated video with innovative talking head feature, ready for you to publish online and dominate your competitors at scale they never thought possible.

Not only create videos effortlessly, but also feature your own AI-animated face with lip-sync, facial expressions, and head movements added automatically.

You can benefit from a completely new editor that enhances your video creation experience. Schedule your videos effortlessly and showcase all scheduled videos in one place, creating mass videos automatically and having them published seamlessly on social media.

Experience the power of AI-driven video creation with ContentReelAI and dominate your niche like never before.

Turn Any Keyword Into 100s of TikTok, Instagram, Facebook or YouTube Videos Using A.I. within minutes!

ContentReelAI Comes Packed with:

- NicheAI Technology: Simply enter any keyword, and ContentReelAI will use Machine Learning and Artificial Intelligence to find trending topics around the niche/keyword, write scripts for each topic found and create stunning videos with animation and transition based on those script, ready for you to customize, download and publishing within minutes.
- Personalized AI Face Animator  
Automatically animate your own face in all your videos with precise lip sync, realistic facial expressions, and natural head movements. Enhance your personal

brand and create a deeper connection with your audience by featuring your AI-animated self in every video.

- **Interactive Talking Head Feature**  
Leverage the innovative talking head feature to produce engaging and dynamic videos. The talking head generator uses advanced AI to create realistic, animated avatars that captivate your audience and deliver your message with impact.
- **Automated Video Scheduler and Publisher**  
Effortlessly schedule and manage your video content with the automated video scheduler. Create mass videos, set them to publish automatically on your preferred social media platforms, and showcase all your scheduled videos in one centralized dashboard for streamlined content management.
- **Full & Detailed Customization of Each Video.**  
Never worry about ending up creating the same video advert as someone else. ContentReelAI lets you easily customize each video as per your own needs. Change or edit the script, add new images/video clips to timeline, add text, add call-to-action, change background, update background music, add voice overs, text-to-speech, subtitles and so much more.
- **Access to ReelImage Library powered by A.I.**  
With ContentReelAI you get access to our ReelImages library that generates UNIQUE images using A.I. These images are synthetic images, never-seen-before and copyright free. You also get access to our massive library of millions of images that you can use in your own videos, as you like. These images are high quality and stock-free.
- **Access to ReelClips Library**  
With ContentReelAI you get access to our massive library of millions of backgrounds and abstract video clips as well. You can use these clips as you like, in any video you like.
- **Access to ReelMusic Library**  
Just like the Reelimages library, ContentReelAI also gives you access to the background music library with over 10,000 background music files to choose from and use in your videos.
- **Access to ReelFonts Library**

Your call-to-action, your watermark and your text message is only as powerful as you present it. With 1,000+ professionally selected fonts, you can now add that professional look to your texts in the video.

- Add your watermark.  
Import your own logo or add your own text, adjust transparency, and turn it into your own watermark.
- Import your own voice-over, image, video clip or background music  
Want to add your own voice-over, image, video clips, audio or music? With ContentReelAI you can easily do that too.
- Use our Text-To-Speech with multiple voices, accents & languages  
Hate doing voice-overs? Just paste your script or text and ContentReelAI will convert the text into high quality voice over with multiple accents and languages to choose from.
- Create engaging videos with header & footer text for Social Media  
Turn any video into a square video with top and bottom where you can add your own text, FB reaction icons and customize it as you like. These types of videos are very powerful when shared on social media.
- Choose Video Quality to render your video into.  
While exporting, choose whichever quality you want your video to be. Helps create videos for web or for playing on bigger screens.
- Cloud Based. Nothing to download.  
ContentReelAI is a cloud-based application. There's nothing to download or install or configure. Simply login to your accounts and start creating videos and sharing them in minutes.
- 100% whitehat and approved software.  
ContentReelAI is a 100% whitehat video adverts creation app and in no way violates any TOS, making sure your accounts are fully safe.
- Sonority, SyVID, LIVEreel, StreamReel, Facebook & YouTube Integration  
ContentReelAI comes with StreamReel, SyVID, LIVEreel, Sonority, Facebook & YouTube integration as well. This means you can seamlessly push your video adverts into your SyVID account and start sharing them on 8 different video sites and 15 different social networks to get more viral traffic, leads and sales. You can also turn

your videos into LIVE videos using LIVEreel, create synthetic human voice-overs using Sonority and share videos on Facebook and YouTube in one click.

- Established & Evergreen product.  
With over 100+ beta testers and 3 years in research and development, ContentReelAI is a stable product that is here to stay for a long run and bring in recurring commissions for you.
