All prices in USD

Non-refundable once paid.

These prices are based on the anthro and anime inspired art featured on my social media. If you want to discuss something out of these specifications, then contact me and we can discuss a price.

Won't do:

Complex mecha suits, animal abuse, anything harmful or hateful to a group of people, and adult content/fetish art of real people other than yourself.

The Procedure:

1. contact me via DM on one of my social medias, telegram, or via email at eggdropcat@gmail.com with your proposal, including reference photos and requested art type. I will determine if it's something I can accept. I reserve the right to decline any projects at my own discretion.
2. If you are wanting something with nudity then you must provide your state issued photo ID or other form of government ID proving that you are 18+.
3. If you are international then you will need to provide me with your shipping address so that I can calculate shipping and handling. Domestic US is \$7USD flat for shipping and handling. Both options will be insured.
4. Once we've agreed to working together I require payment up front. Payment includes the base price, any applicable add ons, shipping & handling, and sales tax (Sales tax is only for work being purchased by a Missouri resident). You will provide me with your paypal email, or venmo or cashapp tag, and I will invoice you via your choice of the three. I will not accept payment initiated by the commissioner, only payment I have invoiced.
5. I will send you an update at the sketch stage. You are allowed two modifications to the sketch, after which I will charge a fee that is 30% of the current price (If you have any add ons then the 30% will be on top of the total price, and not just the base price.) I will not continue the project until each necessary fee has been paid.
6. **All payment is non-refundable.** No returns accepted.
7. Depending on the volume I'm working with it could be anywhere from 1-3 week turnaround time. I'll keep you in the loop if this changes.
8. I will ship your art via USPS within a week from it being finished.
9. I retain the right to post the drawing to my social medias, and use them as a part of my portfolio and as commission examples. If you have an account on Telegram, Bluesky, Instagram, FurAffinity, Cara, or Facebook that you would like tagged in the post then let me know.
10. You are free to post the drawing on any platform you choose, as long as you give credit where credit is due. You are not permitted to trace, alter, or otherwise distribute the art as your own.

If you have any questions then don't hesitate to ask! I look forward to working with you!
