Store Page Rewrite:

Original:

Survival is just the beginning. Six years have passed since the biological disaster in Raccoon City. Leon S. Kennedy, one of the survivors, tracks the president's kidnapped daughter to a secluded European village, where there is something terribly wrong with the locals.

Rewrite:

Six years after surviving the Bio-weapons in Raccoon City, US Special Agent Leon Kennedy finds himself face-to-face with another bio-weapon conspiracy. Who are the Los Illuminados, and why have they kidnapped the president's daughter? Leon must survive the nightmare and extract the president's daughter against all odds and without being infected...

"Take whatever measures necessary to save the subject."

Can you save Ashley and survive the nightmare?

Resident Evil 4 out now!
