

Riz Gukgak

This pattern is for a doll of our favorite little goblin P.I., Riz Gukgak! The finished doll is approximately 6½" tall and has a *small knit section* for his vest. This pattern has a lot of pieces: I recommend making them in the order listed.

DO NOT CUT YARN FOR SECOND LEG and continue below

This section crochets the two legs together and continues onto the torso, so be sure to position the color seams where you want them!

[11] ch, sc into first leg, sc6, ch, sc back into second leg
There should be one empty stitch on the 'crotch' area of the legs. Use the tail from leg #1 to sew this gap shut.
[12] Single crochet until you reach the "back" of your doll. This will be the new start of each row, so that the color seams are in the back. (15)
[13] sc15 (15) Stuff legs.
Switch to White
[14] - [20] sc15 (15)

This next round attaches the arms. To do so, fold the top of each arm flat, lining up the stitches in two rows of 3. Stick your hook through the arm stitches, then through the stitch on the body, and complete the single crochet stitch by pulling the loop through *all stitches*. Repeat this for the remaining two stitches. This essentially crochets "through" the arm, no sewing required!

[21] sc5, attach the first arm with sc3, sc4, attach the second arm with sc3, sc3 (15)

Sew on tie. Stuff body.

[22] (sc, dec) x2, sc2, (dec, sc) x2 (11)

Switch to **Light Green**

[23] sc6, inc, sc4 (12)

[24] (sc, inc) x6 (18)

[25] (sc2, inc) x6 (24)

[26] - [30] sc24 (24)

[31] (sc2, dec) x6 (18)

[32] (sc, dec) x6 (12), slip stitch and tie off. Sew in end: no need for tail.

Face

- Place safety eyes
- Tie several knots in a strand of light green for a pointy little nose
- Sew on ears at either side of the head along the short side. Secure it in the center of the MR for a nice curl.
- Sew on hair at the back at the head, approx. 3-4 rows from the top. Just make sure your hat will reach so there's no bald spot!
- For hair floofs, tie a few loops in dark green and sew above the ears and at the center of head.
- Stuff head.

The vest is knitted using *intarsia knitting* to make the back a different color, so you will need two separate strands of dark grey. You're welcome to make it all one color, crochet it instead, or leave it off entirely!

Work the first grey strap back and forth until it's approx. 1¼" - 1½" long. When placed on the doll, it should be able to reach over the arm all the way to the back. Cast off and tie off. *Leave a short tail for sewing.*

[16] co6, tie off. Leave a short tail for sewing.

Work the second grey strap the same as the first. *Leave a short tail for sewing.* Attach each of the straps to the top corners of the back of the vest. Sew in any loose tails. Put vest on doll and sew front shut.

Prop Magnifying Glass - White

[1] MR 6 (6)
