<p>This is an emergency.</p> <p>Climate breakdown and ecological collapse threatens life on Earth. Our political establishment has failed us, so we rebel.</p> <p>We use non-violent direct action and civil disobedience to demand urgent action on the climate emergency. We warn of the risk of human extinction and ecological collapse.</p> <p>We have three demands:</p> <ol style="list-style-type: none">1. Governments tell the truth about the ecological Crisis2. Zero emissions & drawdown by 20253. Participatory Democracy <p>“we are the fire alarm, not the escape plan”</p> <p>Join us: (website link)</p>
