REMOTE SPOT WATER DETECTOR

WLDR Series

The WLDR series incorporates:

- Single-point standalone detection
- Fail-safe circuitry
- One Relay standard or Two Relay option
- NO/NC form C, relay output
- Weatherproof enclosure

PRODUCT HIGHLIGHTS

- Monitors variety of liquids
- Alarm on liquid detection, power failure, or internal failure
- Remote sensor terminal block with conductive pins
- Extension cable available with various lengths
- Tri color LED for operation status

SPECIFICATIONS

SPECIFICATIONS	
POWER SUPPLY	12 - 27 Vac/dc
SUPPLY CURRENT	125 mA max @ 24 Vac
OPERATING TEMPERATURE	0 to 50°C (32 to 122°F)
ENCLOSURE	PC with hinged lid and gasket, IP65
DIMENSIONS	133mm L x 80mm W x 64-90mm H (5.3” x 3.1564 ” x 2.5”- 3.5”)
ALARM OUTPUT(S)	Form C relay, rated 1 Amps @ 125 Vac/60Vdc (resistive load)
APPROVALS	CE, RoHS
COUNTRY OF ORIGIN	Canada
