

December 9, 2024

Last week you received information about a fundraiser from a company called "SchoolStore." This fundraiser is in collaboration with our school Parent's Association. The purpose of this fundraiser is to generate funds for the Parent's Association to use for curriculum needs and residencies for our students.

The Parent's Association and school administration request that the fundraiser should be used for the sole purpose of raising funds for the school. Please select the "Shop Online with over 300 major merchants like Walmart, Kohls, Best Buy, Disney and more. Our School earns a percentage of these sales also" option. For this fundraiser, when you sign up for the stores using a school code, the Parent's Association will receive a percentage of the money spent shopping at those stores.

Our Parent's Association has been extremely generous and continues to be instrumental in ensuring that our building continues to have impactful residencies and the needs of all students are met with these funds.

We are extremely appreciative of our Parent's Association for all of the fundraisers they do to support the students of PS 81. Should you have any questions please contact our parent coordinator, Nina Velazquez (NVelazquez@schools.nyc.gov) or our PA Presidents.

Thank you for your continued support at PS 81.
