What is YOUR Unique Brilliance?

Hello [First Name],

When I think of succulence my dear friend SARK is the first thing that comes to mind. She is one of the most influential transformational leaders of our time and has been living a true to herself, authentic and creative life since before that was a trending hashtag!

SARK is a beacon of self love sharing her overflow with the world and is celebrating the **25th Anniversary release** of her **iconic book *Succulent Wild Woman*** this month!

Whether you've known SARK for some time, or this is your first introduction to her, I invite you to dive in with me and claim this Free Succulent Starter Kit she's created for you.

This guide will support you in finding...

- What New Succulence is Waiting to be Awakened within you.
- YOUR Unique Brilliance that you've yet to discover.
- What you want to Multiply and Magnify, so you can generate a more Inspired Purpose!
