

When you install and use **SAT-BOX** mobile applications, we can collect and process some of your data for different legitimate purposes.

You will find below explanations regarding the reasons why we may collect data.

## Why is data collected

**SAT-BOX** and its third-party partners collect data:

- To provide you with the services you asked for
- To run analytics and understand how users interact with our product and services in order to continuously improve it

The third-party partners that **SAT-BOX** will share the data with are:

- GameAnalytics
- Facebook Analytics

## Information We Collect

Information collected directly from you through our SDK, and information provided to us by advertising and analytics partners:

- Identifiers associated with your device:

1. Advertising ID of the device – Advertising ID refers to Google Advertising ID (“GAID“, on Android devices) or ID For Advertising (“IDFA, on iOS devices). The Advertising ID is a resettable persistent identifier generated by Android or iOS that allows online advertising companies to recognize a device across non-affiliated apps. Additional information about how to limit our use of your Advertising ID can be found under “How to Control Your Information”.
2. The IP address of the device.
3. Information about the device type and settings known as “User Agent“.
4. The ID For Vendors (“IDFV“, on iOS devices), which is a persistent identifier that allows companies to recognize a device across apps of a specific vendor.

- General technical information about your device:

1. The device type and language, operating system name and version.
2. The device’s time zone.
3. The amount of free memory on the device.
4. The name and version of the Title.
5. The battery status.
6. The device’s limit ad tracking status.
7. The name of the manufacturer of the device.
8. The name of the mobile carrier.
9. The device’s internet connection type (e.g., Wi-Fi).

- Your activity in connection with the Title: Transactions and in-app purchases made in the Title, your progress or movement in the Title, and in-game events.

### **Information received from advertising and analytics partners**

- The total amount of revenues received as a result of advertising served to a specific device ID.

### **Data deletion requests**
