

What is Options and the Innovation Distance Education Academy?

Humboldt County School District's Options/Innovation Distance Education Academy uses the Edgenuity curriculum to offer Humboldt County students in grades K-12 an exceptional learning experience. With individualized learning approaches, the IDEA provides the tools kids need to succeed in school and beyond.

Here's why families have chosen Options/IDEA for their kids:

- The exceptional, individualized curriculum, which covers core subject areas and beyond. Based on educational research, this curriculum packages high-quality lessons with mastery-based assessments that ensure students achieve success at each and every level.
- K-5th grade students learn more about the [Elementary Online Curriculum](#).
- 6th-12th grade students learn more about [Edgenuity's CourseWare](#).
- The online planning and assessment tools, resources, and hands-on materials ranging from textbooks to microscopes, from rocks and dirt to beautifully illustrated classic children's stories, and much more.
- The high quality, tuition-free public education that enables a learning experience that is individualized for each student.
- Students enrolled in Options/IDEA can earn an accredited diploma through the program.
- Highly qualified staff provide individualized instruction, tutorials, and supplemental learning aids to assist each student in meeting their goals.

- Students and parents can access instruction 24 hours a day, seven days a week from virtually any place a computer will take them.
- Question on a lesson? Both parents and students have access to teachers using email, phone calls and in-person tutoring at the Options/IDEA center.
- Parents play a critical role as learning coaches, working with the teacher to support student achievement. Together, teachers and parents design practice opportunities and tutorial sessions that support student learning.
- High school students can explore careers and get hands-on learning through a rich assortment of career and technical education classes offered through the Options/IDEA center.
