ABSTRACT

The abstract should clearly present the background, objectives, methods, results, and conclusion of the research.

Background:

Provide the context and rationale for the study. Highlight the importance and relevance to the conference theme.

Objectives:

State the aim(s) of the study clearly. This may include research questions or hypotheses.

Methods:

Describe the study design, population/sample, data collection techniques, and analysis methods. Keep it brief but precise.

Results:

Summarize the main findings. Include key data or trends without excessive detail.

Conclusion:

Present the main takeaway and implications of the study. Emphasize contributions to the field or practice.

**Word Count: Maximum 250 words*
