(Net Alert - 5 minutes before Net Exercise)

Is there any traffic on this frequency? ([Listen](#))

Standby for the Half Moon Bay Amateur Radio Club Net beginning in 5 minutes on 70cm, Coastside Band Plan name CMD11 or CARLA 32 Local. Stay tuned on this Frequency, 440.725 MHz, positive offset, with a pl of 114.8 Hz. This is Net Control, [call sign].

(Initiate the Net)

Calling all Coastside amateur radio operators. This is [call sign], [first name], acting as the Net Control Operator for the Half Moon Bay Amateur Radio Club Net. Is there any emergency or priority traffic? ([Listen](#))

This Net is held each Wednesday at 2000 for the purpose of communication readiness. This is a directed net. Stations not participating are requested to stand by until this Net is completed.

Tonight, we are operating from [your location]. We will take check-ins when your neighborhood is called. Please state your call sign phonetically, first name and whether you have any traffic. Please wait for Net Control to acknowledge the last call before transmitting a new one. When check-ins are complete, we will ask for traffic.

For the purposes of this Net, we will group neighborhoods.

(Go To Next Page for Check-In List)

(Traffic)

This is Net Control, [call sign], [name]. It is time for traffic. We will poll each station that indicated that they had traffic. ([Conduct Poll](#))

Is there any other traffic? Are there any late check-ins?

(Sign Off)

This is [call sign], [name], acting as the Net Control Operator for the Half Moon Bay Amateur Radio Club Net. We wish to thank the owner of repeater CARLA 32 for allowing us its use. This concludes the Net.

[call sign] signing off at (2400 Time). [call sign], clear.

Instructions for Conducting Net

Before Net:

- Have a clock, writing pad & pencils. (Having an assistant or scribe is best)
- Obtain a radio check. Check power and batteries.
- Italicized words are instructions for the Net Control Operator; they are not to be read.
- Role-Play emergencies or problems may be inserted into the Net if previously arranged with Net Control.

Revised: 06/11/2020 Jim Williams, 02/26/2022 Jeffrey Goshorn
