Keywords (Kata Kunci):	**ABSTRACT**
Keyword 1, keyword 2, keyword 3 (minimal three keywords)	Terdiri dari Latar belakang masalah, tujuan penelitian, metode penelitian, hasil penelitian, kesimpulan, saran untuk penelitian selanjutnya maksimal dalam 200 kata

Keywords:	**ABSTRACTS**
Keyword 1, keyword 2, keyword 3 (minimal three keywords)	*Consists of background problems, research objectives, research methods, research results, conclusions, and suggestions for further research in a maximum of 200 words*

A. INTRODUCTION

The contents of the introduction are the fundamental matters or the urgency of the problem, which is the background for writing the study/research, written in Times New Roman 12 font.

B. METHOD

The contents of the study method are data collection techniques, data sources, methods of data analysis, correlation tests, and so on, written in Times New Roman 12 font. This chapter can also include scientific formulas for data analysis/correlation tests.

C. RESULT AND DISCUSSION

The main discussion contains results and discussion, written in Time New Roman 12 font. Results are not raw data but data processed/analyzed using an established method. The discussion compares the results obtained with the existing concepts/theories in the literature review. The contents of the results and discussion include statements, tables, drawings, diagrams, graphs, sketches, and so on.

D. CONCLUSION

The contents of the conclusion are written in Times New Roman 12. The conclusion is an overview based on the research that has been done. The conclusion is not a summary of the results of the discussion that refers to a particular theory but the results of the analysis/correlation test of the data discussed.

E. SUGGESTIONS AND ACKNOWLEDGMENTS

Suggestions containing suggestions for future research, acknowledgments that thank those who helped complete your research, written in one paragraph with Times New Roman 12 font.

REFERENCES

The contents of the bibliography are written in Times New Roman 12 font and with one space. The bibliography is a source of reference/reference that is used as a reference for manuscript writing. Writing a bibliography is a source of reference/reference that is used as material for citations to writing manuscripts. Bibliographical references must be noted in the body note and bibliography according to APA Style. The number of reference sources used as a manuscript bibliography is at least 20 titles of scientific literature (80% primary references and 20% secondary references). Primary reference sources include reputable international journals for the last three years and nationally accredited journals for a maximum of the previous three years. Secondary reference sources are from books published in the last ten years. We recommend writing quotes using the Mendeley reference manager application, Zotero, etc.
