Garlands begin at \$18-25 per foot / *exact pricing dependent on current market rate for material selected*

Centerpieces begin at \$65 / *exact pricing dependent on material, handwork, size and container selection*

Statement Arrangements begin at roughly \$200 / *exact pricing dependent on scale, material and container*

Consultations can take place in-shop or via email. We allocate an hour to the information gathering and flower selection process; please be aware that in the case of remote consultations, we must limit email exchanges to fit the one hour allotment. We have found that we can comfortably build a proposal within three exchanges. Once we exceed the design time in the above pricing, we will bill for each additional hour.

Please see our tips for a successful consultation and accurate estimate below.

After the consultation process has concluded and an accepted proposal has been generated, a contract will be emailed. This completed contract, along with a non-refundable deposit of one third of the proposed estimate, will secure the day.

As our inventory is ever-fluctuating with vendor availability and harvest success, your initial flower and foliage selections are subject to change. Final selections are to be determined one month prior to your wedding; at this time, minor substitutions and changes may need to be made but we will remain true to the vision. Any and all changes will be communicated for your approval.

As work begins (at least one month prior to your wedding date) the second installment ($\frac{1}{3}$ of estimate) of payment will be charged.

Images of your completed pieces will be emailed. Significant changes and alterations will incur an additional charge to account for time and materials. This rate will be at the designer's discretion.

The final third of your payment is due upon pick-up or before shipment or delivery. Please keep in mind that both shipment and delivery incur additional fees.

In the event of cancellation, all payments will be retained by Roxanne's Dried Flowers to account for time invested in the consultation, proposal and material secured.
