

Sunbird *Janet Wood*

Chorus

Sunbird fly
Spread your wings in freedom
Riding on the currents
From the river to the sea
Bring on the day
When all your children
Run and laugh and play
Beneath you in a land of peace

Verse 1

And the Gaza Sunbirds ride
Their Olympic dreams denied
Powered by the pain inside
They ride on
Amidst the rubble and the smoke
Around the craters and the stones
On their spinning wheels of hope
They ride on

Chorus

Verse 2

And the Gaza Sunbirds ride
Underneath the leaden skies
Through the storm of genocide
They ride on
Every hub and spoke and rim
Filling life up to the brim
Food and warmth and help they bring
They ride on

Final chorus then the first four lines as a 3 part round and fade out
