

John W. Smeaton Pillar of Integrity

This award is bestowed upon a **graduating senior** who, through their involvement and campus leadership, has been unwavering in contributing to a campus community that is inclusive and respectful for all. The recipient has also consistently embraced the leadership qualities that made Dr. Smeaton such a beloved and valued administrator: wisdom, compassion, thoughtfulness, a sense of fairness and - perhaps most importantly -- integrity.

The student worthy of this award must have also demonstrated a clear understanding that significant achievements and enduring success are only made possible through the collective "we," and that recognizing and acknowledging the contributions of others is central to the leadership process. The recipient should also exhibit a keen understanding of him or herself and others, and view missteps and setbacks as valued opportunities for learning and personal growth.
