Material shall be "Clean Construction Debris" within the meaning of the Illinois Environmental Protection Act, 415 ILCS 5/3.160(b), Materials such as concrete and asphalt pavement shall be separated from granular fill prior to placement on the Receiving Site so as to make such material suitable for processing as recycled material. Customer acknowledges that payment for disposal is due upon arrival at the AZ stone site, unless prior arrangements have been made. Customer agrees to all charges, late fees, and collections costs, including reasonable attorneys' fees in the event of nonpayment. Customer acknowledges, agrees and certifies that the material described in this Application meets the definition of "Clean Construction Debris" as defined above and agrees to pay all AZ stone charges related to disposal of same.
