“This War can end tomorrow. It can end if Hamas lays down it’s arms and returns the Hostages”

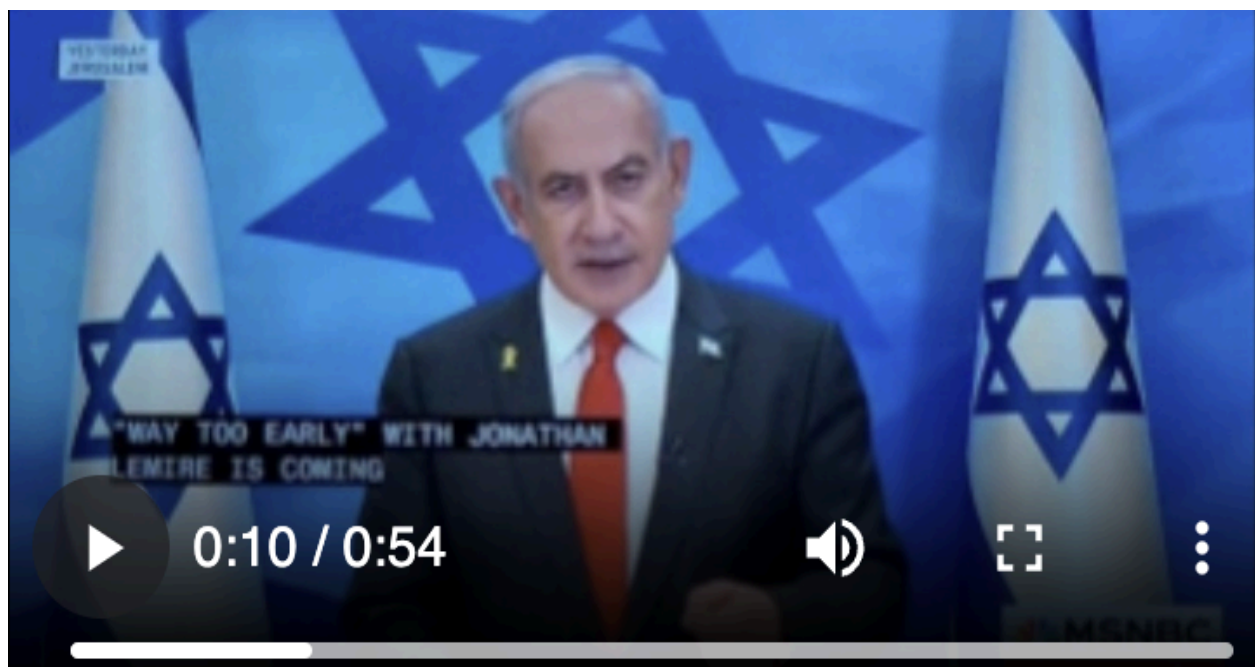

“And for all those who return our Hostages, Israel will guarantee your safety.”

***** President Biden can seize on this public statement in English by Netanyahu, and hold him to it. Since it is in English there is no possibility of a misinterpretation.**

*** The ***Covid-Gaza Ceasefire Project.***

NOTE: the following is a **preliminary draft / outline**, but this is **potentially** a very powerful ***Knowledge System approach*** for

a ***Proposed Creative Solution*** to solve the **Gaza Ceasefire Crisis**,

by **creatively linking** these **2 Key News Knowledge analyses** published by **Gnomics-KS** on the **Gnomics Google Workspace platform** in this:

Covid-Gaza Ceasefire Project.

1) **[Covid-Gaza Article 11](#)** v10 - KEY Covid NEWS "*There is an Imminent but Cryptic Covid JN.1.X Super-spreader / Super-Mutator Variant now spreading in Israel and Worldwide - Biden can ACT NOW - to Declare a State of National Emergency in the USA throughout Gaza and Israel and the Middle East* 11v10

2) ***Covid-Gaza Article 12*** v5 - KEY Political NEWS - After the death of Hamas Leader Sinwar, Netanyahu stated publicly in English that "*The War can end tomorrow, but only if Hamas lays down it's Arms and returns the Hostages*" - and Biden can ACT NOW - to ***Declare a Strategic Initiative for the Proposed Creative Solution with an Immediate Enforced Ceasefire throughout Gaza and Israel and the Middle East*** 12v1

Proposed Creative Solution:

President Biden can use this combined Covid-Gaza Ceasefire Project:

I: to Declare a State of National Emergency in the USA based on this new Covid JN.1.X Cryptic Super-spreader / Super-Mutator Variant Crisis

II: and then to Declare a Strategic Initiative for the Proposed Creative Solution with an Immediate Enforced Ceasefire throughout Gaza and Israel and the Middle East

*** *The above points can all be made directly to Dr. Harold Varmus, and/or Dr. Michael Osterholm, and/or Dr. Charles Rice*

for them to strongly advise President Biden to Declare a State of National Emergency based on the new Covid Health Crisis data

and then also to make a **strong recommendation** to Biden to Call for an Immediate **Enforced Ceasefire**, either through the **United Nations**, or through the **Declaration of a Strategic Initiative to Call** for an **Immediate Enforced Ceasefire** like those used **twice** during the **Yugoslavia Wars** in 1990s.

***** Calls for an Immediate Enforced Ceasefire to “save us from ourselves”**

It is both **interesting** and **important** to **note** that recently a **group** of now **over 3000 Israeli’s** have **signed** an **extraordinary Open Letter** that essentially

Calls for an Immediate Enforced Ceasefire in Gaza and Lebanon and throughout the Region

We, Israelis, are calling for global pressure on Israel to force an immediate ceasefire ..

More than **3,000 Israelis** have **signed** this **letter** asking the **international community** to use ‘**every possible sanction**’ to ‘**save us from ourselves**’.

to “**save us from ourselves**”:

We, Israelis, are calling for global pressure on Israel to force an immediate ceasefire

Open letter

More than **3,000 Israelis** have **signed** this **letter**, published in **11 languages**, asking the **international community** to use ‘**every possible sanction**’ to ‘**save us from ourselves**’.

We, Israeli citizens residing in Israel and abroad, **call** on the **international community** – the **UN** and its institutions, the **United States**, the **European Union**, the **League of Arab States**, and **all states** around the **world** – to **intervene immediately** and **implement every possible sanction** towards achieving an **immediate ceasefire** between **Israel** and its **neighbors**,

...

Unfortunately, the **majority** of **Israelis** **support** the **continuation** of the **war** and **massacres**, and a **change from within** is **not currently feasible**. The **state of Israel** is on a **suicidal path** and **sows destruction** and **devastation** that increase day by day.

While **President Biden** is still in office - until **Jan 20 2025** - he can **ACT NOW** on this plea by **over 3000 Israeli citizens**:

“calling for global pressure on Israel to force an immediate ceasefire”
