

Newton Safe Routes Walk Challenge, Week #1

[FB Post](#) [Twitter Post](#)

Basic: Over the course of the week, find doors that are red, orange, yellow, green, blue and purple. Remember their locations.

Challenge: Now plan, and go on, a longer walk where you find them all in rainbow order.

Extra Challenge: Now go on a walk where you find them all in REVERSE rainbow order.

Newton Safe Routes Walk Challenge, Week #2

[Twitter Post](#) [FB Post](#)

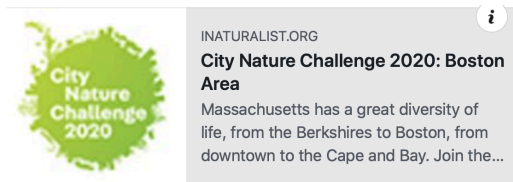

Find the same route to walk each day this week. It can be the length of your street or a loop from your house. How does it change from day to day? Watch the flowers grow, look for buds on trees. Which birds do you see?

Newton Safe Routes Walk Challenge, Week #3

Participate in the Boston Area City Nature Challenge, April 24-27.

- Download the iNaturalist app & create an account.
- Join the Boston area challenge! <https://www.inaturalist.org/.../city-nature-challenge-2020-bo...>
- April 24-27, take photos of WILD plants, animals, and fungi to make observations.
- Upload your observations to share with the iNaturalist community.
- Learn more as your finds get identified, and help others by identifying their observations!
- See how your Boston is doing by checking the leaderboard. Results will be announced May 4!

Newton Safe Routes Walk Challenge, Week #4

Join this Michigan family and add your sidewalk to the jurisdiction of the Ministry of Silly Walks. Be sure to practice on the rest of your walk. Look on Youtube for inspiration - Monty Python's Flying Circus Ministry of Silly Walks.
