

### Projections for Program & Business Planning Form for Workforce Development

#	Category Expectations	Explanations	Current Legislation	Actions	Your Action
1	Enhanced Skill Training	Provide advanced and relevant skill training programs tailored to industry needs.	Workforce Innovation and Opportunity Act (WIOA)	Develop specialized training modules and collaborate with industry experts.	
2	Employer Partnerships	Develop strong partnerships with employers to facilitate job placements and internships.		Identify key employers and establish formal partnerships.	
3	Youth Engagement	Focus on engaging youth in workforce programs to prepare them for future employment.		Create youth-specific programs and outreach initiatives.	
4	Digital Literacy	Improve digital literacy skills to ensure participants can thrive in a technology-driven economy.		Implement digital literacy workshops and provide necessary resources.	
5	Accessible Support Services	Offer support services such as childcare, transportation, and mental health services to ensure accessibility.		Ensure availability of comprehensive support services for all participants.	
6	Policy Advocacy	Advocate for policies that support workforce development initiatives and funding.		Engage in advocacy efforts and connect with policymakers.	
7	Data-Driven Approaches	Utilize data to drive program improvements and measure outcomes effectively.		Incorporate data collection and analysis into program design.
