

This task is a reflection journal that should be updated after every class. The objective here is for you to be able to articulate major ideas and themes related to what we discussed in class. I STRONGLY encourage you to use the big vocab / key words from the lesson in your response.

- You will be asked to assume the role of a soldier OR a journalist OR a civilian
- Depict what you see, what is going on around you, the overall vibe of the situation
- Each response should be around 200 words.

Get creative, have fun!
