

INCREDIBLE CHANGE - INCREDIBLE PROGRESS

● **I joined TRW in November 2023.** ●

What happened before isn't for the faint-hearted.

I never had bad grades, but I was expelled from school three times - because I didn't attend. I worked illegally to help my family.

To the point..

Of course, I finished the last school, trained as a plumber, and immediately went to work after school.

I knew this wasn't the life I wanted, but I didn't know how to change it, what to do about it.

I was interested in the world of money and wanted to understand it, so I started reading and educating myself very actively through books and YouTube podcasts.

That was a great start, but I still didn't know how to go deeper, what exactly to do, what steps to take, and who to turn to.

● **!STOP!** ●

That's the better part of the version.

The hidden part of the version is somewhat grim.

In the midst of it all..

I was doing drugs, going to parties, not exercising as actively, going to the pub with 'friends,' and even selling drugs.

● **!STOP!** ●

Despite all my efforts to move forward, I was still down and going downhill.. until I met one girl.

Beautiful.. Angel.. I realized she cared about me and saw something more in me than what I currently was.

THAT WAS THE LAST STRAW - THAT WAS MY MAIN MOTIVATOR

From one day to the next, I ended everything bad and prioritized - with this girl, I've been for the third year, and we're still growing together.

Healthy diet, work, legal earnings, I helped everyone around me, exercised regularly, and I only have two friends left with whom we support each other on a better path.

BUT I STILL DIDN'T KNOW EXACTLY WHAT TO DO TO EARN MORE AND BE A BETTER PERSON.

By then, I had watched countless motivational speakers and motivational videos on YouTube.

AND NOW IT CAME!!

An uncompromising guy named Andrew Tate jumped at me and told me the truth about my life, which I hadn't admitted before.

● THAT'S HOW I GOT TO TRW!

Currently, I am part of the Copywriting campus for 5 months, and what happened to me is incredible.

Work has thrilled me and become my passion, my hidden talent, where I can use all my strengths such as - Creative thinking, communication, and assertiveness.

At this time, I have completed two full Discovery projects on which clients are currently working + 1 other client with a smaller order. **THAT'S 3 CLIENTS!!!**

I never thought I could handle this in 5 months of work.

I still have my flaws like discipline and focus - but I actively work on everything and don't intend to stop.

I am active every day and exercise every day, **I HAVE CHANGED FROM THE GROUND UP INTO A NEW PERSON.**

I will be forever grateful to TRW for what it has done with my life. It gave me a chance to handle it all. God has always been with me.

● PEOPLE WHO START IN TRW - NEVER GIVE UP. THAT JOURNEY AND EXPERIENCE ARE PRICELESS. FOR \$50 A MONTH, YOUR LIFE WILL CHANGE FROM THE GROUND UP, BELIEVE IN YOURSELF AND FIGHT NO MATTER WHAT YOUR LIFE
