Digital Portfolio Self-Reflection

This portion of the final exam is a digital portfolio self-reflection. It is expected that the reflection reach 750 words. If it does not reach the 750 word minimum, the author can earn no more than 75% on this portion of the exam.

You will need to use your Edublogs as a basis for your reflection by using the portfolio pieces to prove your opinion.

Accompanying these will be your self-reflection analysis:

- Discuss your growth and effort as a reader, writer and thinker,
- Share a particular moment of intellectual risk-taking,
- Consider a growth territory that you still need to pursue in the future,
- Share your overall assessment of yourself as a reader, writer, and critical thinker.

In other words...
Showcase pieces on your Edublogs.
Look it over.
Think about it.
Have you tried?
Have you given your all?
Have you improved?
Prove it.

Write a 750 word essay on how this course has or has not improved you as a reader, writer, and critical thinker. Please use 12 point – Arial, Tahoma or Verdana font.

Please title your GDoc "[LAST NAME] - Tri3 Final Reflective Exam," grant editing rights, and share your piece with me: aschoenborn@mp.edzone.net

Pitfalls to avoid:
- Being summative instead of analytical
    - Placing blame instead of taking responsibility
    - Relying on excuses and/or problems to build your point
    - Being vague
    - Lying to yourself in this reflection

**If you remember nothing else, remember this:
I care about you, respect you, and want you to succeed.**
